

Acheson Rejects U.S. Peace Appeal To Russ

Says Soviets Recognize Only Power

Washington, Feb. 8.—(AP)—In a sweeping statement of U. S. foreign policy for the H-bomb age, Secretary of State Acheson today rejected all suggestions for new American peace appeals to Russia. Instead, he based this country's anti-Communist strategy squarely on a policy of power.

Four years of experience, Acheson told a news conference, "have brought us the realization" that progress toward world peace simply by making agreements with the Russians is impossible.

"But the Soviet government is realistic," he said, and adjusts its policies when compelled by facts to do so. Therefore, he declared, American basic policy is:

Create Strength

"To build situations which will extend the area of possible agreement, that is, to create strength instead of the weakness which exists in many quarters."

Acheson chose his regular Wednesday news conference, a device which he frequently prefers to any other. He simply walked into the conference and after one or two preliminaries began talking informally about the public debate which has been going on for weeks both before and after President Truman's decision to manufacture the hydrogen bomb.

He took as his starting point speeches made in the Senate within the past week by Chairman McMahon (D-Conn.) of the joint atomic energy committee and Chairman Tydings (D-Md.) of the Senate armed services committee.

Proposes World Aid

McMahon, seeking some radical new way to get a Russian-American agreement on a plan for international control of atomic energy, including the hydrogen bomb, proposed a \$50,000,000 five-year program of global economic aid with benefits to Russia as well as other nations. Tydings, on a different tack, urged that President Truman call a disarmament conference.

Today Acheson began by agreeing with the goals of world peace toward which McMahon and Tydings directed their proposals and rejecting the steps which those two Senate leaders recommended.

"The import of Acheson's argument was that much of what has been said was beside the point."

Breaks Record For Range Of Carrier Based Bombers

San Francisco, Feb. 8.—(AP)—A twin-engine navy plane landed at San Francisco airport today after a 5,000-mile non-stop flight. The navy said that was a record for bombers launched from a carrier.

"We clipped the old record of 4,880 miles but the next flight will probably break ours," said the pilot, Cmdr. Thomas Robinson of Mountain View, Calif.

The bomber, a Lockheed-built Neptune, made a jet-assisted take-off from a carrier Franklin off Jacksonville, Fla., yesterday at 11:13 a.m. CST. It carried a crew of three officers and four enlisted men.

It landed here at 11:12 a.m. (1:12 p.m. CST) for an elapsed time of 25 hours, 59 minutes.

The crewmen emerged shaved and smiling. They took their turn across Cuba, south of Nicaragua, then northward over the Pacific.

The old record was made by Cmdr. Frederick Ainsworth two months ago.

Says Graduates Of Small Colleges Make Best Leaders

Bloomington, Ill., Feb. 8.—(AP)—A Chicago department store executive says large companies have found that graduates of the better small colleges are better timber for executive positions than those of larger schools.

C. Virgil Martin, general manager of Carson Pirie Scott and Co., made the statement last night. He spoke before an audience celebrating the centennial year of Illinois Wesleyan university, of which he is an alumnus.

"The reason small college graduates are better," Martin asserted, is that "they don't expect to become vice presidents in 60 days. They know that they have to perform to achieve success."

Martin said that his store had decided to draw 30 young people who will train for future managerial positions from small midwestern colleges this year. He said this was a change in store policy.

The enrollment at Illinois Wesleyan is about 1,200.

Illinois News Briefs

Harrisburg, Ill., Feb. 8.—(AP)—A Williamsburg county farmer, John Fivash, 78, died of a gunshot wound in the mouth yesterday while en route to a hospital here. Mrs. Fivash said she found her husband in their home with a rifle before him. She said he had been ill.

Carbondale, Ill., Feb. 8.—(AP)—Southern Illinois University reported today that it has enough coal for 30 days under present weather conditions. However if it turns cold, officials added, the supply would last only 15 to 20 days.

Quincy, Ill., Feb. 8.—(AP)—Seven persons were forced to flee their homes early today in a fire which destroyed a frame building containing four apartments. Firemen said the fire followed an oil tank explosion.

Washington, Feb. 8.—(AP)—The government has announced plans for building six new postoffices in Illinois. They will be at Urbana, Granite City, Eureka, Washington, Casey and Grayville.

Peoria, Ill., Feb. 8.—(AP)—Denny Rose, 51, a bartender who came to Peoria four months ago, was found dead yesterday in his room at a boarding house. He formerly lived in Kirkville, Mo.

The cause of death was not determined by the coroner.

Harrisburg, Ill., Feb. 8.—(AP)—The motion picture, "Stromboli," starring Ingrid Bergman and directed by Roberto Rossellini, has been barred from movie houses operated by Turned-Farmer Theaters, the firm announced here yesterday. The decision affects 17 theaters in Southern Illinois.

Washington, Feb. 8.—(AP)—Two daily trains between Chicago and Harrisburg, Ill., are among the 48 passenger train suspensions announced yesterday by the New York Central because of the coal strike.

The railroad announced that it is discontinuing operation of trains No. 462, the Egyptian, from Harrisburg to Chicago, and No. 463, the Egyptian, from Chicago to Harrisburg.

Chicago, Feb. 8.—(AP)—The Illinois Commerce commission today blocked a suburban commuter fare increase set for Feb. 20 on the Chicago and Northwestern railroad.

The proposed increase was suspended for 120 days. The commission set a hearing for March 14 in Chicago.

The railroad proposed a 25 percent boost in monthly commuter fares.

Hampton, Ill., Feb. 8.—(AP)—Fire early today leveled a barn on the Wilbur Deviney farm, destroying 65 ewes, 47 lambs, two cows and almost 2,000 pounds of hay and straw.

The fire ignited three nearby farm buildings. Neighbors and firemen from Port Byron and Hillsdale helped extinguish the flames and rescued 20 heifers from one barn. Cause of the fire was not determined.

2 U.S. Mormon Missionaries Are Arrested By Czechs

Prague, Czechoslovakia, Feb. 8.—(AP)—Two young American Mormon missionaries have been arrested by Czechoslovak police in Moravia on unspecified charges and all efforts by American officials to see them have failed, diplomatic sources said today.

The missionaries are Stanley E. Abbott, 22, of Lehi, Utah, and C. Alton Johnson, 22, of Idaho Falls, Idaho. The Mormon church—officially the Church of Jesus Christ of Latter-Day Saints—announced Abbott and Johnson disappeared under mysterious circumstances Jan. 28 while traveling through Moravia to visit church members living near the Polish border. The church has been meeting with difficulties from Czechoslovakia's Communist government since last May.

Church authorities at Salt Lake City expressed confidence the two will be released soon. David O. McKay, second counselor of the church's first presidency, said he was informed from Prague that they "are being held temporarily" by the Czechs.

Belgium's People May Get To Vote On King's Return

Brussels, Belgium, Feb. 8.—(AP)—The Chamber of Representatives decided today to ask the people if they want King Leopold III to return from his post-war exile.

His opponents have warned that the referendum "might destroy Belgium" in a violent division between right and left, between the Flemish-speaking "Dutch" of the north and the French-speaking Walloons of the south and east.

With only three members absent, the chamber voted 117 to 92 to hold the advisory referendum before the end of March.

The vote concluded a stormy debate of nearly a month. At the height of the contest Paul-Henri Spaak, former Socialist premier, dramatically warned that the referendum would split Belgium in two. The 48-year-old monarch, from his exile in Switzerland, promised he would not return to the throne unless he gets 55 per cent of the votes.

Spaak pointed to the historic divisions in the country, with the Flemish, who also are largely rural, favoring the king and the Walloons, who also dominate industrial areas, opposing him.

Fact-Finders Push Lewis, Operators Back To Talks

Roosevelt Papers Show Sharp U.S. Change In Policy Toward Russia

Washington, Feb. 8.—(AP)—The sharp change in the U.S. government's policy toward Russia since the war was underscored today with the publication of excerpts from the late President Roosevelt's news conferences spanning the last four years of his life.

Time after time, Franklin D. Roosevelt expressed the belief that Russia would cooperate for peace.

Now that hope has waned, Today Secretary of State Acheson took the stand that the only thing which will make an impression on the Soviets is power.

On Feb. 17, 1942, Mr. Roosevelt scoffed when a reporter mentioned: "Arguments that are made against Russia, on the theory that it is dangerous to make loans to them—they will become too powerful after the war."

A year and a half later the President was asked whether he was

"confident of Russia's willingness to cooperate with us in maintaining peace."

"I always have been, personally," Mr. Roosevelt said.

Returning from the Yalta conference six weeks before he died, the President predicted "The United Nations will evolve into the best method ever devised for stopping war."

It was at Yalta that he, Prime Minister Churchill of Britain and Soviet Premier Stalin bargained on veto powers giving big nations control of the U.N. security council.

The collection of news conference excerpts was put together by Samuel I. Rosenman of New York, who stood by Mr. Roosevelt's side for years as legal adviser and helper on speeches.

Now he is including them in the final four volumes of the late President's major papers, to be published next week (Harper and Brothers). They supply revealing glimpses of

history in the making from the time Mr. Roosevelt began his unprecedented third term Jan. 20, 1941, until he died April 12, 1945.

They show how Mr. Roosevelt enjoyed bantering and sparring with the reporters he faced twice a week. There was the New Year's Day in 1943, for instance, when he offered to set up a hangover clinic.

But there were hard, sharp repeated jabs at communists, commentators and publishers. He accused them of "is not sharp."

Yet Mr. Roosevelt himself wasn't always exactly accurate. Soon after Pearl Harbor, he dismissed as "R-O-T" reports that the late Secretary of the Navy Knox hadn't disapproved the size of actual American losses. The late President has been defended for this, on the ground that he was justifying because he would have been unwise to let the Japanese know how serious they had crippled the fleet.

Conference Atmosphere 'Not Sharp'

Washington, Feb. 8.—(AP)—President Truman's fact-finders pushed John L. Lewis and the soft coal operators back to the bargaining table today and reported four hours afterward that the conference atmosphere "is not sharp."

But Chairman David L. Cole added: "I don't think I can label it progress."

Even that much, however, was in contrast to bitter recriminations which marked this morning's open session in the board's investigation of the dispute that has brought a national fuel emergency.

Want Coal Peace

The board, assigned under the Taft-Hartley Act, arranged the talks in an effort to get peace in the coal fields without court action under that law.

The report of some degree of harmony came from Cole in a news conference early tonight, just after the first operator-United Mine Workers session broke up. Night sessions were set for 8:30 and Cole said he hoped they would last a long time.

He said Lewis and the mine spokesmen had discussed the four or five major obstacles that have held off an agreement since the old contract expired last June 30.

Neither the operators nor Lewis would comment.

Plan To Resume Today

Cole said the board, racing to have a report ready for President Truman by Monday, planned to resume fact-finding hearings at 10 a. m. tomorrow unless developments tonight prompted a change.

As the negotiations began, the government provided a new indicator of the seriousness of the coal strike situation—a sharp new cut in coal-burning railroad service was ordered for next Friday night.

The strike hit the automobile industry too with cancellation of General Motors plans for Saturday work and overtime to speed output. Ford, also planning overtime, said it was keeping a day-to-day watch. Chrysler is closed by a strike of its own.

Agreement to resume the coal talks was reached in the midst of quarrelsome Lewis operator exchanges which punctuated the opening of the public phase of the board's inquiry into the dispute that has emptied the nation's coal bins and closed all but a handful of the mines.

Striking Tannery Workers, Police Battle With Rocks

Gloversville, N. Y., Feb. 8.—(AP)—Striking tannery workers and police fought it out today with rocks, lead pipes, clubs and tear gas bombs in a third successive day of strife in this glove-making area.

Two deputy sheriffs and a non-striker were injured in picket line fighting in front of the Karg Brothers, Inc., plant in neighboring Johnstown, the largest tannery in the area.

About 100 pickets, including 15 women, and some 50 police were involved.

Three pickets, including the vice president of the striking Independent Leather Workers union, were arrested, raising to 14 the number arrested in the past two weeks.

The clash marked the fifth outbreak of picket line violence since 17 tanneries reopened Jan. 25, after a shutdown of more than six months in a wage dispute. It was the second disorder at the Karg plant this week.

The National Labor Relations Board does not recognize the ILWU. It has called the union the "alter ego of Local 202" of Ben Gold's CIO Fur and Leather Workers union.

TWO ILLINOIS JUDGES CONFIRMED BY SENATE

Washington, Feb. 8.—(AP)—H. Nathan Swaim of Indiana and David L. Bazelon of Illinois were confirmed by the senate today as U.S. Circuit Court of Appeals judges.

Swaim was nominated to serve on the seventh Circuit Court and Bazelon on the District of Columbia circuit. Both now are serving under recess appointments. The seventh Circuit Court includes federal judicial districts in Indiana, Illinois, and Wisconsin.

WEATHER

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Wednesday as follows: High, 42; low, 33; and at 6 p.m., 38. Sunset today 5:31; sunrise Friday 6:57.

Forecast for Illinois—Clearing today. No important change in temperature. High 38 to 42.

Urey Says Russ Could Get A-Bombs Into U.S. On Ships

Eastern Germany Now Has Gestapo, Hitler Youth Plan

Berlin, Feb. 8.—(AP)—Eastern Germany rolled the calendar back to 1933 tonight, creating a new Red Gestapo and drafting the young into a regimented organization like the old Hitler youth.

The Volkskammer (people's chamber) enacted both laws without a word of dissent. No one has voiced a "nay" in that hand-picked non-elective body since it was set up last October as a parliament for the Communist Republic in the Soviet zone.

The bill for a new ministry of state security to direct a secret political force with unlimited authority to arrest and imprison is modeled after Russia's own secret police, the MVD.

It may embrace a vast network of informers as in the days of Hitler's Gestapo. The Communist press said the measure was necessary to direct "defensive espionage" in all walks of life because the east German state is endangered by "saboteurs of Anglo-American imperialism."

Henceforth, a boy or girl in the free German youth (FDJ) or will not be able to take part in sports, picnics, hikes, travels, certain school work and even in the choice of a profession.

By the language of the act, the youth also would be encouraged to become a gigantic internal spy ring, just as the Hitler Jugend was taught to tattle even on parents if they were anti-Nazi.

Try To Link Five Having \$37,000 To Boston Holdups

Detroit, Feb. 8.—(AP)—Five persons were arrested here today with \$37,150 cash in a paper bag and police immediately began an attempt to connect them with two Boston holdups, one of the \$150,000 Brink's robbery.

Detective Inspector Walter Wyrod said the five refused to talk except to say they got the money "from gambling."

Police questioned the quintet—four men and a 22-year-old blonde—about the Brink's Inc. robbery Jan. 17 when nine men escaped with \$1,500,000 and the Jan. 16 Stalter holdup when bandits got \$48,000.

All five were booked "for investigation of robbery armed."

They were picked up in the early morning hours, after police stopped for a routine check of their parked car and saw the driver attempt to force a paper bag containing the \$37,150 under the seat with his foot.

The bag contained \$28,000 in \$100 bills and \$9,150 in \$50 bills. Police said they were similar to denominations and series taken in the Brink's holdup.

Both the Federal Bureau of Investigation and the Secret Service were called in by police. Neither agency would comment. Boston police said particulars of their holdups, but said names of those held did not appear in police records there.

DIES OF HEART ATTACK

Chicago, Feb. 8.—(AP)—The Rev. Flavian C. Vot, 53, Roman Catholic priest at Apple River, Joe Davies county, Ill., died today while visiting in Chicago.

A fire department rescue squad failed to revive him after he was found stricken by a heart ailment in this hotel room.

States Tramp Steamers Could Carry Them In

Washington, Feb. 8.—(AP)—One of America's top atomic scientists told congress today there is a real danger of Soviet tramp steamers delivering A-Bombs into U.S. harbors.

The warning came from Dr. Harold C. Urey, Nobel prize-winning atomic physicist, along with an admonition that defenses against such a threat should be erected "soon."

Believes Soviets Haven't Got H-Bomb

Testifying before a senate foreign relations subcommittee, Dr. Urey said he does not believe Russia has yet developed the hydrogen super-bomb—the so-called "H-bomb" which President Truman last week ordered developed by American scientists.

But he urged the nation's defense leaders to be on guard against three possible dangers:

1. That Russia probably will have enough A-Bombs by the end of 1950 to be "a great threat."

2. That Russia could "isolate" the United States by mining American harbors with Atomic Bombs shipped in by tramp ships.

3. That Russia will make "a serious move to alienate the western European nations" from the United States within the year.

Urges Atlantic Pact Conference

Dr. Urey made these points in advocating an immediate convention of Atlantic powers to work toward a federal union of Atlantic Democracies with the aim of building up "overwhelming strength" on the side of the western allies against Russia and her satellites.

He said he hopes scientists will be unable to explode a hydrogen bomb, but fears they will discover the secret.

"If the hydrogen bomb is developed to its maximum efficiency, there will be no place to hide," he said.

Dr. Urey himself played a key role in research leading up to the development of the wartime atomic bomb and possibly its eventual successor, the dread H-Bomb. He won the 1934 Nobel Science prize for discovering and isolating heavy hydrogen, reputedly one of the basic ingredients of the projected hydrogen weapon.

Defense Asks For Acquittal In 2nd Christoffel Trial

Washington, Feb. 8.—(AP)—Defense counsel asked for a directed verdict of acquittal in the Harold Christoffel perjury retrial late today shortly after the government rested its case.

Federal District Judge F. Dickinson Letts is expected to rule Thursday on the motion of O. John Rogge, chief of defense counsel, that the case not be given to the jury and that the judge free Christoffel.

Prosecutor, chief government counsel, announced that "the government rests" after nearly seven days of testimony intended to prove that the Milwaukee defendant lied to a congressional committee.

Christoffel is charged with falsely telling the House labor committee that he had never been a communist, had no communist connections and never knew Ned Sparks and Fred Blair—both described as communists in government testimony.

The last government witness, Russell Letts, formerly a supervisor at the Wisconsin Gas and Electric Co., of Racine, Wis., told the jury that Christoffel "asked me if I would put Fred Blair on the payroll."

House Nears Vote On \$130,000,000 Postal Increase

Washington, Feb. 8.—(AP)—The House wanted a \$130,000,000 postal increase bill to the point of passage late today, but a technicality blocked a final vote until tomorrow.

Rep. Fulton (R-Pa.), charging opponents of mail rate increases had been "gulled," prevented a vote by demanding a printed copy of the bill containing all amendments approved during the day's debate.

This automatically put off a vote on passage until tomorrow, when such a version of the measure will be available.

The administration-sponsored bill was subjected to a barrage of amendments proposed by critics chiefly from the republican side.

But democratic leaders managed to bring it through virtually intact save for changes they accepted.

The bill provides increases on all classes of mail except first class letter mail, and is intended to offset in part a \$550,000,000 deficit in the post-office department this year.

It still falls short of the \$250,000,000 in rate hikes requested by Postmaster General Jesse M. Donaldson. Before the amendments were put in, today it was figured to bring in about \$130,000,000.

Co-ed Tells That Missing Student Threatened Suicide

Evanston, Ill., Feb. 8.—(AP)—Threats of suicide by Leo M. Baker, Jr., 24-year-old Northwestern university cheer leader who disappeared last night, were disclosed tonight by a co-ed.

Baker's roommate, Richard Truitt, 17, related that the older student was drowned in Lake Michigan, despite Truitt's efforts to rescue him.

An all-day search by firemen and coast guardsmen disclosed no sign of Baker's body in the water off the ice-fringed campus shore.

Baker had resigned a few days ago as president of the Beta Theta Pi fraternity chapter at the university, explaining that office demanded a good deal of his time which he needed to apply to his studies.

Friends said he was sensitive and unusually moody in recent weeks. They recalled that he showed deep concern over hydrogen bomb developments and Russian-American relations.

Detective Chief Hubert G. Kelsh said the co-ed, Diane McFarland, 22, of Highland Park, Ill., related that Baker had threatened twice to take his life during a date with her Saturday night. She said he took her to the lake shore at the exact spot where the drowning was reported to have occurred three nights later.

Peter J. Geishecker, Evanston police chief, said there were parts of Truitt's story which didn't "add up." He said he might ask the youth to take a lie detector test Thursday.

DIES OF INJURIES SUFFERED IN CRASH

Ereese, Ill., Feb. 8.—(AP)—Staff Sgt. Herbert D. Morrow, 30, died in St. Joseph's hospital today of injuries suffered earlier when his automobile overturned near Bartlesville, Ill.

A companion, Miss Jean Williams, 22, of Flora, Ill., suffered minor injuries. Sergeant Morrow was stationed at Scott Air Force base.

THE I. O. U. FRAUD

(Omaha World-Herald)

In a report made after long investigation, the Brookings
institution said:

"The present collection of (social security) taxes on all covered workers produces for more revenue than is immediately needed to pay benefits. The reserve thus created to take care of the heavy future benefits are borrowed and used by the government for current expenses. Thus the assets of the reserve fund are simply promises that the government at some future time will obtain the cash by one means or another and place it in the fund."

In discussing the same point, some months ago, this newspaper said Uncle Sam was putting his I. O. U. in the strong box in place of the people's cash. It amounts to the same thing.

In other words:
Social security payments in 1950 necessarily will be paid by the workers and earners of that year. The same will be true in 1960 and the year 2000. Pay-roll taxes, above the amount needed for the current year, serve no purpose except to give the government ready cash with which to pay its deficits.

Up to now the social-security bureaucrats have managed to keep congress thoroughly confused. The unbiased, non-partisan Brookings report should give new light and provide a new weapon for those congressmen who are trying to put a stop to the I. O. U. fraud.

The only way to prevent that fraud, as this newspaper pointed out, would be to change the system—to collect each year, in payroll taxes, only enough to meet the expected requirements of that year.

Joins Clinic

DR. GEORGE R. DAVIS

Dr. George R. Davis has begun practice in this city in association with the Norris Clinic in the Farmers Bank Building.

He was graduated from the University of Minnesota medical school in 1943, after which he interned at Ancker hospital at St. Paul, Minn., in 1943 and 1944. He was a member of the staff of the University hospital in Minneapolis, and later with the Army Medical Corps. Dr. Davis has been engaged in practice at Virginia, Ill., for the past three years.

Dr. and Mrs. Davis have two children. They will move to this city within a few weeks when their home in Dewey Park is completed. He will be associated with Dr. F. A. Norris, Dr. Reginald M. Norris and Dr. H. V. Norris.

Former Carrollton
Pumping Engineer
Dies In Arkansas

Carrollton, Ill.—Word has been received here of the death of William H. Cross, which occurred Wednesday morning at 6:45 o'clock at the home of his daughter, Mrs. Christy Valentine in Texarkana, Arkansas.

The body will be brought here to the Simpson Funeral Home. No funeral arrangements have been made.

For almost 35 years he was city pumping engineer here, having retired in 1946.

He was born February 16, 1867 in West Virginia. He was united in marriage with Miss Elizabeth Shirley who preceded him in death in 1927. Later he was married to Nan Sisson who passed away in 1947.

Surviving are two daughters, Mrs. Valentine with whom he was residing, and Mrs. Dudley Gardner of Sanford, Florida, and one granddaughter, Betty Valentine.

He was a member of Hugh DePaves Commandery No. 77, Royal Arch Masons, Carrollton Council No. 48, a past worthy patron of Temple Chapter No. 325 Order Eastern Star. He was a member of the Baptist church of Carrollton.

Dr. Pankhurst In
Chapel Address

"Influence In Our Lives" was the subject of a challenging address by Dr. W. Harris Pankhurst, pastor of the Congregational church, at MacMurray college chapel service, Tuesday.

Dr. Pankhurst urged his audience to be sincere. "The people who have influenced this world the most have been simple and natural," he said. He advised the listeners to look for the good in others, explaining that "none of us are perfect and have no right to expect others to be."

Dr. Pankhurst said everyone should look on the bright side. "Carry a smile, and put others into a good mood." A smile is worth more than a frown, for it is never without friends," he concluded.

Johnson And Haycraft
Nuptials At FranklinVows Exchanged
In Sacred Heart
Church Ceremony

Franklin—Miss Dorothy Haycraft, daughter of the late Mr. and Mrs. Allen Haycraft of Franklin, became the bride of Harold Johnson, son of Mr. and Mrs. Everett Johnson of Alexander, in an impressive ceremony at Sacred Heart church in Franklin Wednesday morning, Feb. 8.

The ceremony was performed by Rev. Michael Kearns, pastor. The bride chose as her attendants her sister, Mrs. John Gordon of Franklin as matron of honor, and Mrs. Earl Fleischli of Springfield, sister of the groom, as bride-maid.

She was given in marriage by her brother, William Haycraft. Her niece, Mary Ann Gordon, acted as flower girl.

Attending the groom were Jim O'Connell and George O'Connell of Jacksonville, while Don Johnson, brother of the groom, and Francis Hermes of Alexander served as ushers.

Get Permanent to Control Hair

This girl has a new protein permanent wave to help keep her short bob neatly curled.

BY ALICIA HART
NEA Staff Writer

Keeping a short bob neat, shining and soft poses a problem for women who rely on permanent waves for their curls. Too-frequent permanents are apt to leave hair dry, dull and difficult to manage. Attempts to do without the permanent's help means trying to coax straight, fine hair into springy curls by nightly pin-curling which is not always successful.

The latest development in per-

manent waving designed to help discipline a short bob is a permanent which supplies the hair protein ordinarily removed by the waving process, according to chemists who developed it. The process is said to infuse the protein into the hair shaft to counteract dryness.

Other benefits claimed by the developers are a long-lasting wave, fewer split ends, less hair breakage and more elasticity. This often means curls which will look as soft and springy as natural ringlets and be as easy to brush into place.

Toastmasters Pick
Fr. Kromenaker
As Best Speaker

Rev. Father Joseph G. Kromenaker was chosen as the best speaker of the evening Tuesday at the meeting of the Athenian Toastmasters' club.

Father Kromenaker, giving his first basic training speech, told of the training received when studying for the priesthood.

Other prepared speakers, introduced by Oliver McElrath, toastmaster for the evening, were Dr. Richardson, whose topic was "My Pet Peeve," and Dallas Schultz, who spoke on the subject, "There Ain't No Such Animal."

The impromptu chairman, Dr. J. Allen Eligs, introduced Louis Kuz, "Current Events on the Tucker car," and John Hadden and Dr. Godfrey, "What About the Small Car the Nash People are Planning on Making?"

John Hadden, Jerry Cassous and Ralph Wilson were evaluators. The grammarian was Dr. L. K. Hallock, with Dr. Victor Sheppard as general critic.

The meeting was presided over by the vice president, Frank Smith. Guests were Dr. Beems and Earl Biggs.

Prof. James Guy
Has Display At
Clayton Gallery

Professor James Guy of the MacMurray College Art Department currently has on display at the Pen & Palette Gallery, 24 North Brentwood Boulevard, Clayton, Mo., twenty-four abstract paintings. Mr. Guy has had five one-man shows in New York galleries and an equal number at universities and museums.

The canvases on display all consist of scattered rectangular shapes, the rectangles outlined by "rope-like tracery." How one of these organized groups of color can brighten a room is demonstrated in a color page from House Beautiful for February 1949 which shows a room setting.

Mr. Guy has headed the MacMurray College Art Department for the past four years. Previously he taught at Wesleyan College, Conn., and Bennington College, Vermont.

Franklin Gives
\$107.31 To March
Of Dimes Drive

Franklin—Franklin's contribution to the March of Dimes amounted to \$107.31, according to the report submitted by the treasurer, Mrs. Wayne Rolston.

The breakdown is as follows: Franklin high school, \$15.60; Franklin grade school, \$46.43; Alexander grade school, \$25; Nortonville grade school, \$42.00; and boxes around Franklin, \$16.08.

A Student Council has been organized at the Franklin high school. Named to serve as officers were Dick Sweet, president; Bernard Newingham, vice president; Marilyn Chance, secretary; and Norman McQueen, treasurer.

Harry Fitzhugh, superintendent of the Franklin schools, attended state school board of directors meeting in Urbana.

Taking The Fun
Out Of War

By HAL BOYLE
New York.—P.—The pushbutton war of the future may never come for a very simple reason—it doesn't hold much prospect of fun.

Wars in the past have offered exciting change from the humdrum of peace to a large part of the population. The terror, boredom and danger of the front lines affected only a small proportion of the people. The civilians at home, unworried by fear of death, found the annoyances of rationing and higher taxes more than made up for by their enlarged sense of self-importance.

They were caught up by a "thrilling feeling of unity" that carried them out of the ordinary small frustrations. The factory worker became "the soldier behind the soldier at the front." Women found an escape from the petty world of household chores. They found they could hold a riveting machine as well as the next guy, and war opened to them a whole new round of social activities with a purpose—helping sell bonds, entertain at USO clubs, collect blood, roll bandages.

Yes, war made everybody feel useful and necessary. And few saw the blood on the battlefields far away.

Recent wars have been less and less rewarding, however, for the men who actually carry the guns.

On a national scale, victory has only brought more responsibility. As soon as you quit kicking a foe, you have to start lending him money, shipping him food, and rebuilding his homeland.

It seems to me that the development of the hydrogen bomb has squeezed the last small ounce of fun out of war.

We are in the twilight of the man-flown bomber and the finger-pulled rifle trigger. Military leaders warn we haven't reached the push button stage of the war yet, but we will within 25 years.

Of what avail will bravery be then? It won't take a brave man to point an H-bomb at the enemy and send it whirling away in a pilotless rocket. The soldiers will be technicians, the generals will command armies of machines instead of men.

And what fun will there be for the civilian population? None. War will become a matter of population endurance, as each side waits for its cities to disappear.

If nations think this over—and there are signs they will—the H-bomb may turn out to be a great blessing. It will surely never be dropped if everybody realizes that war is no longer fun for anybody, or profitable for anybody, but death or ruin for practically all.

Then peace can become the pleasant, neighborly thing it ought to be. It could even turn out to be fun.

Births

Mr. and Mrs. George Wilhite of Virginia are parents of a daughter weighing seven pounds, born Wednesday at 4:50 a. m. at Our Saviour's hospital.

GLASGOW

Mr. and Mrs. Claude Harney were Saturday evening guests of Mr. and Mrs. Harold McEvers, west of Glasgow.

Arthur Schafer, employed near Colchester, was at home over the week end.

Joe Sanderson, employed in Peoria, spent the week end at his home here.

The Third Time The Anti-Trust Lawyers Were Wrong!

What Has Gone Before

Today's ad is the third in a series telling about times the anti-trust lawyers made serious and damaging charges against A&P that the courts decided were not true.

In the first ad in this series we told you about the time the anti-trust lawyers charged that A&P, and other good American citizens, conspired to fix the price of bread in Washington.

These charges were false.

That was the time Federal Judge T. Alan Goldsborough instructed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all."

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

But that was not the only time the anti-trust lawyers made such serious "allegations" against A&P which were false.

In our second ad we told you about the time in Wilson, North Carolina, they charged A&P's fresh fruit and vegetable buying subsidiary, and other good American citizens, with conspiring to fix and depress prices paid farmers for potatoes in North Carolina, Virginia and Maryland.

Here again, as in the Washington bread case, the charges were false.

This was the time Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

"I have studied this case from the very outset. In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes."

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence, as was done in this case."

"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."

So here were two cases in which the anti-trust lawyers made seriously damaging charges against A&P, in which the judge decided that there were no facts to support those charges.

Today, we want to tell you about the third time —this time in Dallas, Texas—the court decided against the anti-trust lawyers.

Is it a crime to give people more good food for their money?

For 90 years A&P has devoted all its energies to this end.

For many months now the anti-trust lawyers from Washington have been giving stories to the newspapers, making speeches and talking over the radio about this company.

They have been making serious and damaging allegations about the methods that enable A&P to give its customers better food values.

We have already told you about other times the anti-trust lawyers made charges against us that were proved utterly false in court.

In the left-hand column on this page you can read what the federal judges had to say about those two cases.

Now we are going to tell you about the third time a federal judge decided against the anti-trust lawyers.

The Dallas Anti-Trust Suit

In 1942 the anti-trust lawyers went out to Dallas, Texas, 1,400 miles from the homes of most of the defendants, and instigated criminal charges against A&P.

About this case one thing was sure.

Their previous experience did not deter the anti-trust lawyers from making more inflammatory and damaging allegations, just as they had done before.

They made practically the same allegations they are making today.

Federal Judge W. H. Atwell ruled that the case should not even be tried. He said that the indictment contained inflammatory statements that he would not permit to be presented to a jury.

Judge Atwell said to the anti-trust lawyers:

"If I thought I was presiding over a court and that I might have to sentence some person because he was a great big fellow, or because he was a Lilliputian, I would feel like resigning. God knows we don't want it ever to occur in America that the size is going to determine whether a man is guilty or innocent."

Judge Atwell also said to the anti-trust lawyers:

"If the indictment is not good then it is better to find out before an expensive trial than it is after an expensive trial. I do not think it is good, and thinking that, it is my duty to sustain the demurrers and motion to quash."

In short, Federal Judge Atwell threw the anti-trust lawyers and their case right out of his court.

So that makes three times that the anti-trust lawyers made damaging allegations against A&P. In two of these cases federal judges said they were all wrong. In the third case a federal judge said the indictment was inflammatory and he would not even permit the case to be tried.

The anti-trust lawyers were not satisfied with the Dallas decision.

Neither were they satisfied with the two other decisions in which federal courts administered stinging rebukes to them.

They were still determined to destroy A&P.

In our next ad we will tell you how they continued their campaign in this case in the Circuit Court of Appeals and subsequent proceedings.

We will show you how, once again, they disagreed with the courts.

Everything that has happened since this suit was filed proves that the American people don't want A&P destroyed.

A deluge of letters from people in all walks of life and thousands of editorials in newspapers and magazines convince us that the public has faith in A&P.

The housewives of this nation, whose patronage has made this company big, are buying from us in increasing numbers and increasing volume.

Our suppliers, whom the anti-trust lawyers allege we have exploited, are rushing to our support.

Labor leaders, mindful of the fact that A&P employees enjoy the best wages, hours and working conditions, are taking a stand against the suit.

Even many of our good competitors, who the anti-trust lawyers allege are hurt by our competition, have taken ads to tell the public that they don't like this attack on A&P.

All this indicates that the American people realize that the suit to destroy A&P is really a suit against efficiency, against low prices and against real competition.

Apparently most Americans do not want to let the anti-trust lawyers in Washington blow the whistle on any businessman who does a better and more efficient job and grows big in the process.

No one can make them believe it is a crime to try to sell the best quality food at the lowest possible price.

THE GREAT ATLANTIC &

PACIFIC TEA COMPANY

Association's History Covers Three Decades

The history of the Jacksonville Savings and Loan association covers more than three decades in one of the most eventful periods of our times.

Organized in 1917, the association has continually grown and expanded until today it stands as an institution whose contribution to the community is one of great proportions.

Countless Jacksonville families owe their ability to acquire their own home to the same and helpful credit arrangements which they have made with Jacksonville Savings and Loan.

It was on Oct. 30, 1916, that the first meeting was called by six men, appointed commissioners by the state auditors of public accounts to organize the association.

This group included Alpha B. Applebee, Cleon M. Bell, Thomas V. Hopper, J. O. Applebee, J. W. Walton and Will Brady. E. L. Kinney was named secretary and A. C. Metcalf, chairman. Directors elected were J. O. Applebee, A. B. Applebee, C. M. Bell, E. H. Gray, T. V. Hopper, J. R. Harker, E. L. Kinney, Joshua Vasconcellos and A. C. Metcalf.

Dr. Harker President
The following officers were elected: Dr. Harker, then president of MacMurray college, president; E. L. Kinney, a certified public accountant, vice president; J. O. Applebee, formerly secretary of a savings and loan association in Fulton county, secretary; and Dr. A. B. Applebee, then a practicing dentist, treasurer.

It was not until Jan. 23, 1917, that the meeting was held when it was announced that the required 500 shares had been sold. The charter was then applied for and granted by the state on February 1 of that year and the association came into real being. By Dec. 31, 1917, the assets were \$4,650.83 and there were 527 shares in force. The first loan was granted on April 17, 1917.

Dr. Harker served as president for the first five years, resigning in 1923. He was succeeded by A. B. Applebee.

Applebee. E. L. Kinney was elected president in 1926 and C. E. Williamson treasurer.

The association grew steadily, changing locations as the need for more and more space increased.

Dr. Applebee Succeeds Father
In 1930, Dr. Applebee gave up his dentistry practice to devote full time as secretary of the association, succeeding his father.

In January of 1932, the assets passed the half-million mark. It was during this same year that the crash was felt by Jacksonville.

There was a silver lining as far as the association was concerned, however, for that fall, it had been accepted as a member of the Federal Home Loan Bank system. The very stringent requirements for membership had been met and when the time of emergency came, the secretary went to Evanston and laid the case before the president of the Federal Home Loan Bank. His request for a loan was granted and by the time the secretary had returned home, the money had been sent and the association was able to allow withdrawals to all who had urgent need for their funds. At no time during the depression, were maturities or dividends omitted or delayed.

Acquires Own Building
In 1937, assets were \$610,592.16 with 9,922 shares in force. It was also in 1937, that the association purchased its own building on public square. Now with the great seige of remodeling completed, it is one of the most modern, up-to-date buildings in this area.

The years have also brought about great changes in the personnel of the association, which has grown from a lone secretary to a complete staff, which even includes its own attorney, A. Wadsworth Applebee, who is the third generation of the Applebee family to serve with the association.

Only three of the original directors remain on the board. They are E. L. Kinney, T. V. Hopper and A. B. Applebee.

Home On Which First Loan Was Made

The first loan made by the Jacksonville Savings and Loan Association was to Dr. Joseph Tarmey, to purchase the eight-room residence pictured above. The house still stands at 236 West Morton avenue. The loan was granted on April 17, 1917, and was the first of many which have made it possible for hundreds of Jacksonville residents to become home owners.

Federal Insurance Agency Protects All Investments

Investors in the Jacksonville Savings and Loan association can have full confidence in the association, knowing that their capital is insured with the Federal Savings and Loan Insurance Corporation in Washington, D. C., which was established as a part of the federal mortgage banking system for the purpose of insuring each individual account of the insured association up to \$5,000, according to government plan.

The local association has been insured with government agency since October of 1945, and since that time investors in the strong and stable financial institution have had this safeguard of federal insurance.

As an additional and primary safeguard, officers and directors of the association have established surplus and reserve funds for their customers' protection. In the latest statement, as of Dec. 31, 1949, this figure totaled \$222,115.09, an amount above that which is required by the supervising authority.

By carrying quickly-convertible government bonds and cash which usually averages 15 to 20 per cent of its savings liability, the association maintains a liquid position at all times.

The Federal Home Loan bank of Chicago, of which the association is a member, and the Federal Savings and Loan Insurance corporation, the government agency which insures its accounts, examine the Jacksonville association regularly.

Savings And Loan To Hold Open House In Remodeled Building

The Jacksonville Savings and Loan Association has reached another milestone in its long period of forthright and progressive service to the community.

On Thursday, Feb. 9, the association will hold open house in its newly-remodeled quarters on the west side of the public square.

The officers and directors of the association cordially extend an invitation to the public to visit the new offices between 3 p.m. and 8 p.m. Thursday and become acquainted with the executives, junior executives and other personnel.

Since the time of its organization in 1917, the association has conducted its business from various locations, among them a desk in the rear of the Farrell Bank building (which is now the Savings and Loan building), an office over Russell and Thompson, jewelers, and in the Applebee building at 317 West State street.

Extensive Remodeling
It acquired its own building in 1937. The building has recently undergone an extensive remodeling program, and Thursday will mark the official opening.

The building itself has been covered with light tan bricks. Distinctive features of the exterior are the maroon granite, which borders the front and lower part of the building and the window and door frames which are of stainless steel.

The offices of the association, which were formerly in the basement, are now on the main floor and rank among the most beautiful and modern in this section.

The walls are of sage green and gray, blending with the bleached oak counter and woodwork. The ceiling is of acoustic tile in an off-white, while the floors are of rubber tile in a gray marble design.

Recessed Cabinets
Recessed cabinets of fireproof steel and oak line the south wall. Strip fluorescent lighting is used throughout. The desks are of steel gray.

The front section of the spacious quarters is the office of A. Wadsworth Applebee, the association's attorney. The adjoining section is occupied by Mary Lou Hankins, stenographer, Dr. A. B. Applebee, executive secretary, is in the next section. The remainder of the office space is given over to association staff.

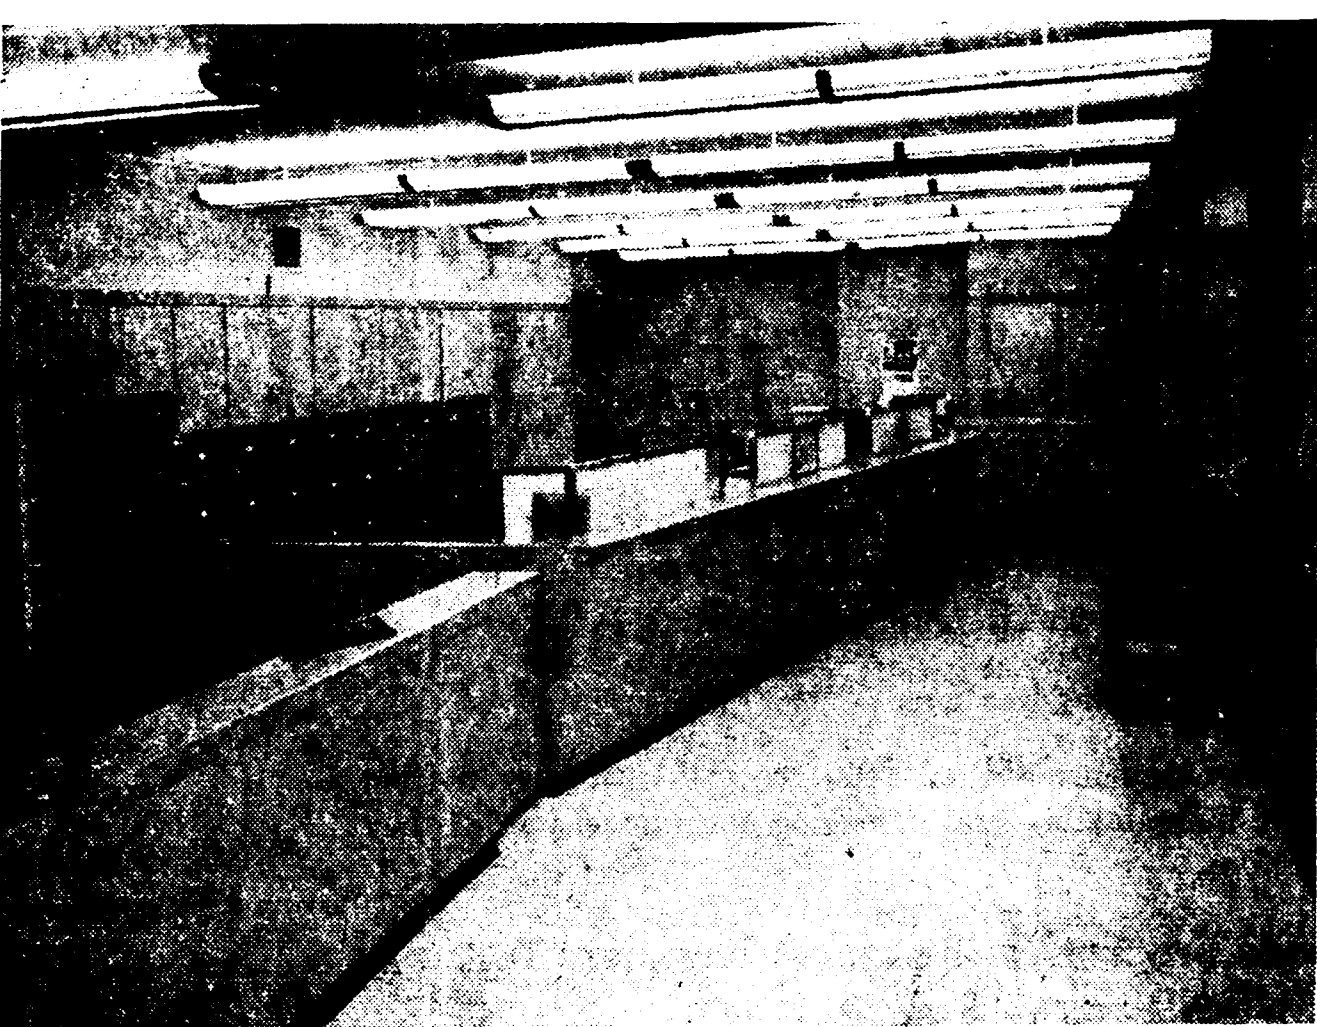

The association also has a directors' room on the second floor of the building. The basement will eventually be the home building department, where home exhibits will be featured. This space will also serve as a conference room for contractors to meet prospective home builders. Professional and business offices occupy the remainder of the building.

Two Entrances
There are two entrances to the new building, the main one on the square leading to the association's offices, and the other, the West State street entrance, by which the other offices are accessible.

General contractor for the remodeling work was Hugh Gibson, who is also vice-president of the association. The architect was Harry J. Reiger of Springfield.

Office equipment was furnished by Earl Davis. All of the tile work was done by Hugh Bradshaw; painting by Paul Devlin; electrical work, Keith Herring; and plumbing, Earl Walters.

Interior Provides Pleasant Atmosphere

Sage green and gray is the color decoration for the interior of the new offices of the Jacksonville Savings and Loan Association. Blending with the glossy finish bleached oak counter and woodwork and the off-white acoustic tile ceiling and rubber tile flooring in a gray marble design, the office is the ultimate in smartness and convenience.

An air of efficiency flourishes in the association's offices. Equipped with recessed cabinets in steel gray and bleached oak, with matching desks of steel gray, the quarters are conducive to accuracy and promptness by nature of the ease and convenience with which members of the staff can carry on their duties.

Firm Is Strictly Local: Dividends Paid Twice Yearly

The Jacksonville Savings and Loan association, a non-profit organization for the benefit of its savings and borrowing members, is a privately-managed, home-owned, mutual-thrift and home loan association.

It was organized in 1917 and since then has paid out 66 regular and consecutive dividends. These dividends are payable each year on June 30 and Dec. 31 on all types of accounts. In 1949, dividends were \$101,600.02.

The association's shares and accounts, legal investments for trust funds under the laws of the state, are thus available for investment by administrators, executors, guardians, conservators, trustees, corporations, pension funds, cemetery funds and quasi-public funds designated by the Illinois statutes.

Savings & Loan Can Represent U.S. In Fiscal Matters

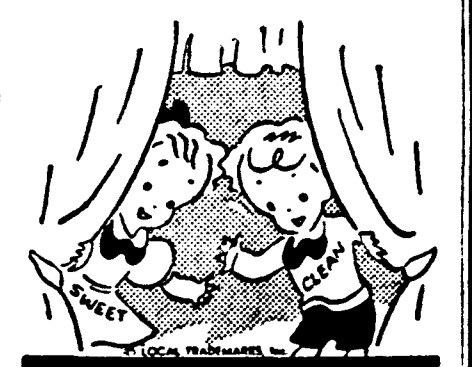

The Jacksonville Savings and Loan Association is qualified to act as fiscal agent for the U. S. Government or any of its agencies including the Treasury Department, whenever so designated.

Officers and directors of the association are justly proud of its record of bond sales during the war when the association qualified as fiscal agent of the Treasurer.

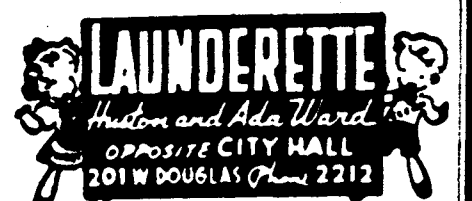

The Federal Housing Administration has designated the association as approved mortgagee for federal housing loans in various categories and also by the Veterans Administration in Washington, D. C., to make so-called G.I. loans to veterans.

Millions of dollars have been loaned to veterans who have qualified for these government guaranteed loans under the latter program.

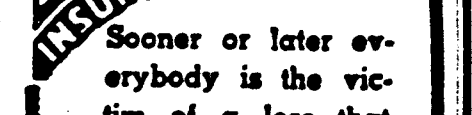

Therefore, the portfolio of the association is backed by real estate equities covering its loans, and in the case of federal home loans and G.I. loans, these carry the guarantee authorized by the respective acts setting up these agencies.

Dr. Applebee, 33 Years Of Continuous Service

Profoundly identified with Jacksonville Savings and Loan since the time of its inception 33 years ago, Dr. Alpha B. Applebee is beginning his 34th year as secretary of the association.

Dr. Applebee was one of the founders of the association and has been steadfastly devoted to its progress since the time it was organized in 1917.

The son of a savings and loan secretary, Dr. Applebee succeeded his father, J. O. Applebee, as secretary of the Jacksonville association in 1930. His father was the first secretary elected when the institution was established. Prior to that time, he had served as secretary of a similar association in Fulton county.

Formerly a Dentist
Dr. Applebee, whose home was in Cuba, Ill., attended Northwestern university, where he received a D. S. degree. He came to Jacksonville as a practicing dentist in 1913 and followed that profession until he assumed full-time duties with the association.

Throughout the years, Dr. Applebee has maintained a position of leadership in the civic affairs of the community. He is a charter member both of the Farm Bureau and Kiwanis club. He also holds membership in the Chamber of Commerce, Grace Methodist church and the Masonic Order. During World War I, he served in the U. S. Navy.

DR. A. B. APPLEBEE

Twice Dr. Applebee has toured Europe. The latter trip was made last fall with the Farmer's Friend ship tour, comprised of 180 American farmers who were interested in viewing agricultural conditions abroad.

Actively interested in farming, Dr. Applebee takes deep pride in the herd of purebred Guernseys on the Applebee farm, Producers Dairy, which is now consolidated with

Prairie Farms of Mt. Sterling, was organized on the Applebee farm in 1940.

Hundreds Of Homes Purchased On Loans

Hundreds of Jacksonville home owners have financed their homes with the Jacksonville Savings and Loan Association since its organization in 1917.

The loans are designed to lead to debt-free homes by providing for regular monthly payments which include payment of principal and interest and which will retire the loan in a given number of years.

Each loan is tailored to fit the needs of the individual borrower and most payments are set up to include a small amount for taxes and insurance, thus providing a budget plan payment which takes care of principal, interest, taxes and insurance payments. The monthly payments in either case are approximately equal to or below the rental value of comparable property.

The officers of the association are available for consulting and advising prospective home owners and invite all interested to consult with them without obligation.

P.H.A. and G.I. loans are also available under certain conditions and where the properties under consideration will qualify. Payments are usually a trifle lower than under the conventional plan because the time of payment may be extended by virtue of the fact that the loans are insured or guaranteed by government agencies.

Dr. Applebee, executive secretary, points out the fact that the association and the governmental agencies with which it is connected are all organized under the private enterprise system and they are owned, paid for and directed by private individuals who have had long years of active experience in the savings and loan business.

The government has provided the laws and vehicles through which such associations operate and through which they are insured and carry extra credit facilities.

WHITE HALL

White Hall—Sam King was dismissed to the home of his mother Mrs. Lela King, Sunday after spending several weeks in St. Mary's hospital, Decatur. Mr. King was badly injured when a tree fell on him early in the winter. He had been hospitalized since that time.

Carl Statham, a former resident of White Hall, now residing in Jerseyville, who has been under observation at Missouri Pacific hospital, St. Louis, has a bad heart condition and will be hospitalized another ten days, after which he will be confined to his home for three months, according to attending doctor's reports.

Mrs. Milo Dean is ill at her home here.

Miss Suzanne Griswold, daughter of Mr. and Mrs. Ralph Griswold, and Nancy Griswold, daughter of Mrs. Florence Griswold, were week end guests of Nancy's sister, Mary Jean, at Mac Murray college, Jacksonville.

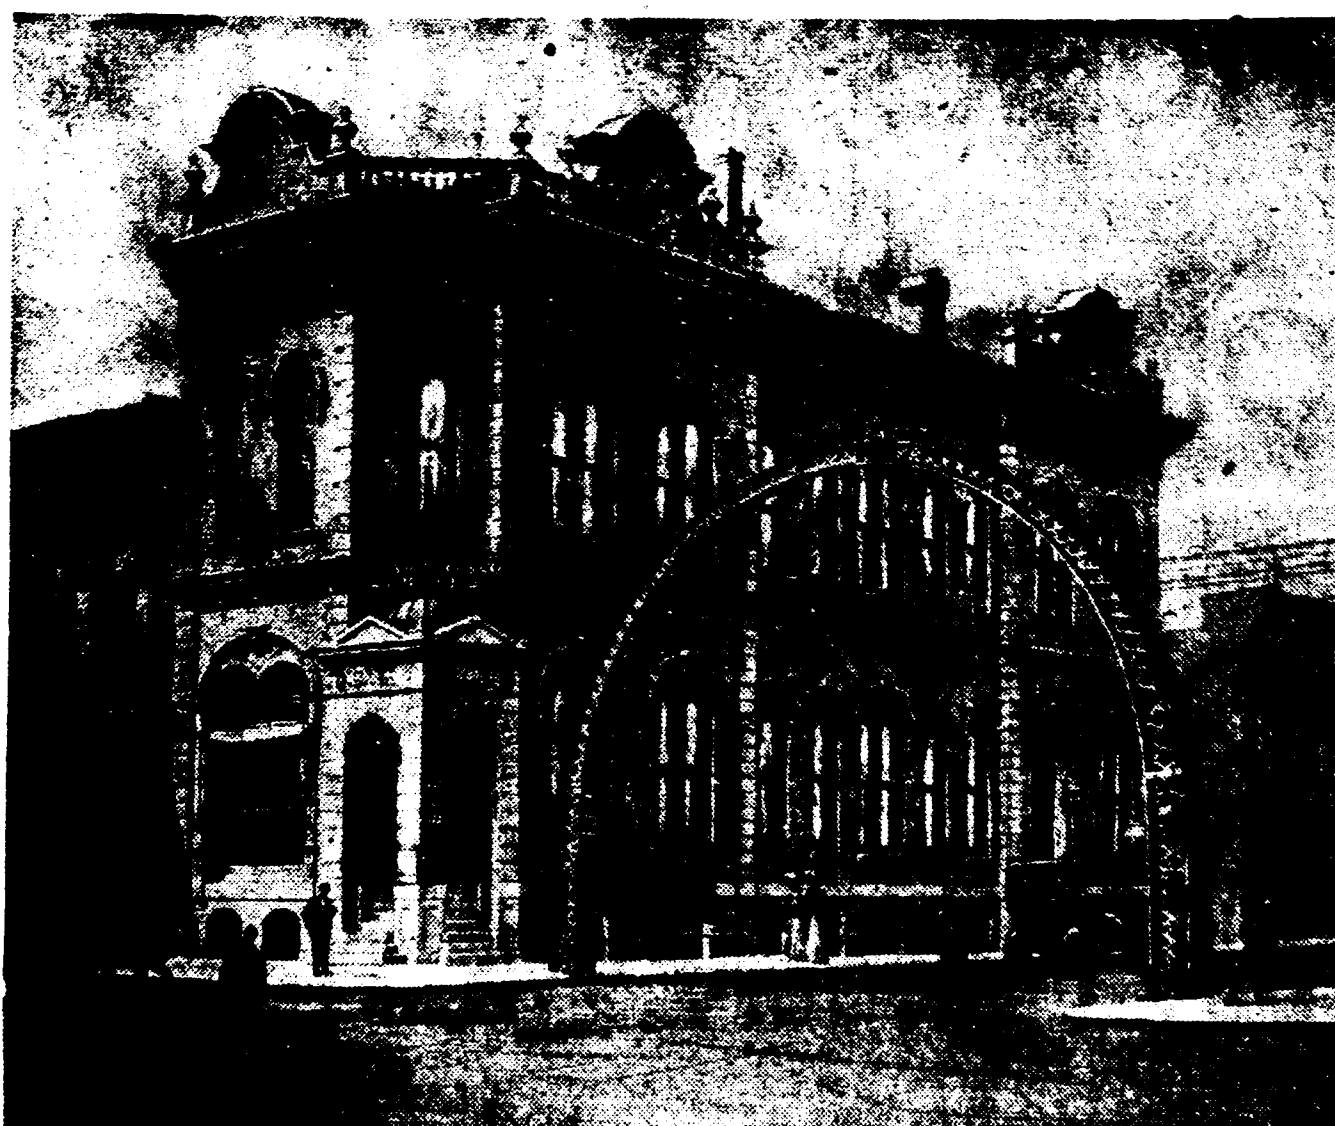

Mrs. A. R. McConathy was hostess on Thursday to the Merry Mix Up club, at her home east of town with an all-day party and pot luck dinner at noon. There were 15 members and two guests present.

Rev. J. Harold Wiltz, field representative of Europa college, who was guest speaker at the First Christian church on Sunday, was a dinner guest of Dr. and Mrs. F. N. McLaren.

Mrs. Jessie Williams is spending a few days in St. Louis as the guest of her twin sister, Mrs. Russell Williams.

Dr. and Mrs. R. W. Piper spent

A Jacksonville Institution—Then And Now

Much contrast can be noted in the building located on the southwest corner of the square at West State street as it was in the early 1900's, when it was then the Farrell State bank, and as it is today as the newly-remodeled home of the Jacksonville Savings and Loan Association.

A complete program of remodeling, which has been in progress for the past several months, has made the building one of the most fully up-to-date in this area.

The week end in St. Louis and attended the St. Louis University-Oklahoma A & M basketball game Saturday night.

Mr. and Mrs. O. K. Hoffman of North Baltimore, Ohio, have been guests of her mother, Mrs. Minnie Griswold and other relatives here.

MANCHESTER

Manchester—Mr. and Mrs. Luther Hornbeck of Winchester were supper guests Sunday evening of Mr. and Mrs. Junior Hayes. Other guests at the Hayes home were Mr. and Mrs. John Blakeman, Sr. of Roodhouse and Mr. and Mrs. John Blakeman, Jr., and daughter of New Berlin.

Mrs. Roland Hartmann of St. Louis is visiting friends and relatives here. She and her mother, Mrs. Theresa Brown, were Sunday evening guests of Mr. and Mrs. Claude Heaton.

William Cooper and Mr. and Mrs. Clyde Chapman of Dayton, Ohio, were called here by the illness and death of George A. Cooper.

Mr. and Mrs. Weldon Brown of Urbana were weekend guests of Mrs. Brown's parents, Mr. and Mrs. Carl Brown.

The R.N.A. held its meeting with Mrs. Charles Heaton. Following the meeting lunch was served by the committee.

Mrs. Claude Heaton and Mrs. Earl Young and sons were guests Sunday of Mr. and Mrs. Fred Pearce of Alton.

Miss Ruth Simmons of Jacksonville was a guest of Mr. and Mrs. Wayne Hudson and family Sunday evening. Mr. and Mrs. Elton Hull and daughter of Springfield spent Sunday with friends here.

Mrs. Curt Kelley visited Sunday with her father who is a patient in Passavant hospital.

GLASGOW

Glasgow—Glenn Steelman of White Hall and brother, Wayne Steelman of Glasgow were in Atlanta, Ill., Sunday visiting their sister and husband, Mr. and Mrs. Basil Brown. Mrs. Glenn Steelman spent the day here with Mrs. Wayne Steelman and sons.

Mr. and Mrs. L. G. Ward, son, Charlie of St. Louis were week end guests of Mr. and Mrs. Tracy Anson, with Mrs. Anson accompanying them back to St. Louis Sunday evening for a few days visit.

Rev. Arnold Wake of Alton, here Sunday filling his appointment at the Baptist church, was entertained in the home of Mr. and Mrs. Lester Rider and family. Mrs. Wake and children joined her husband here for the evening service.

Mr. and Mrs. Harold Bain and family of Granite City and Mrs. Cora Bain of Patterson were Saturday evening guests of Mr. and Mrs. Wayne Steelman and family.

Mr. and Mrs. Connie Drummond of Pittsburg were calling on relatives and friends here Sunday afternoon.

Miss Sharon Kesterson, near Bluffs, was a week end guest of Miss Sandra Lou Cowper.

Mr. and Mrs. Roy McEvers and family were Sunday dinner guests of his father, W. D. McEvers and daughters, west of Glasgow.

By H. Goodlett
Executive Secretary, Illinois Savings and Loan League

When Comly Rich, the village lampighter of Frankford, Pennsylvania, now a part of the city of Philadelphia, received the first loan made by a savings and loan association on January 3, 1831, for the purpose of eventual home ownership, he started a chain reaction which today has been translated into a \$13,000,000,000 industry taking care of the home lending needs of more than a third of the American people.

In Illinois, the "building and loan movement," as it was called, was authorized by a special act of the legislature dated February 1, 1851, and a general corporation act for this purpose came into being in 1869. From small beginnings of the neighborhood type institution, many of them terminating upon the completion of their goals of their members, we find today a specialized business manned by experts in savings and home financing operations. It is a business which has its own strong trade association organized in 1880 and which I have had the pleasure of serving since 1936. The work of this trade association, the Illinois Savings and Loan League, has been pointed toward the betterment of laws and procedures as well as the compilation of statistics relating to savings and lending trends.

Reserves Over Billion

At the 70th annual convention of the League, I had the pleasure of reporting that Illinois savings and loan associations held resources of more than \$1 billion for the first time in history; the mark was passed toward the end of 1948. The state is served by 585 savings and loan associations chartered under the laws of Illinois or the United States, and while the average size is somewhere in the neighborhood of \$2 million, the arithmetical average is weighted heavily by 170 associations located in small towns and villages which necessarily must be served by small institutions whose assets are less than \$100,000 each. The resources of our Jacksonville Savings and Loan association have been steadily increasing so as to necessitate new and more convenient office quarters to serve the public. This trend is evidenced by a larger number of other savings and loan associations throughout the state as the public has come to know and take advantage of the splendid thrift and home financing service available. Many of these modernization programs were delayed by the war and to some extent this is fortunate since new counters and equipment now purchasable is of a distinctly different trend and efficiency than was formerly used in financial institutions.

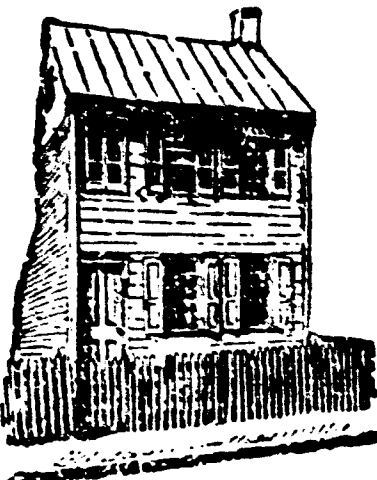

Monthly statistics on savings are computed by my office as reported by the 250 Illinois associations insured by the Federal Savings and Loan Insurance Corporation. Of great interest is the fact that during the calendar year of 1948, the Illinois public placed \$330,373,000 in these associations, a record high for all the years in which we have kept statistics. Those desiring to withdraw their funds for various purposes, primarily the purchase of homes, vacations, painting, furniture buying, etc., used \$235,778,000 during that year, leaving a net savings gain of \$94,595,000 invested for their future security goals. That savings have been stepped up since that time is indicated by the fact that as of our latest figures, November 1948, the 256 reporting insured associations have exceeded the billion dollar mark by \$32,334,000, making an estimated \$1,200,000,000 figure for all associations in the state as we enter 1950.

Only three other states of the union are in this position—Ohio, New York, and California.

Lead In Home Loans
It was my privilege further to report that Illinois savings and loan associations during the twelve months period ending June 30, 1949, were the largest single lender in the state on urban mortgages of \$20,000 or less recorded. They were responsible for 43% of all loans granted in the various counties of the state. Here, too, they exceeded the national average, since on a nationwide basis, savings and loan associations have been traditionally making about one-third of all such loans. Thus, Illinois citizens are making better use of this very fine type of financial service.

Thomas Sidebotham's Tavern, the hostelry where the first savings and loan association in America held its meetings in the Village of Frank-Philadelphia.

ford, now a part of

The Comly Rich Home. It was security for the first mortgage loan made by a savings and loan association in America in 1831. It is still standing and is located at what is now 4276 Orchard street in Philadelphia, Pa.

Of considerable interest, too, is the fact that on September 30, 1949 these same reporting associations held veterans mortgage loans under the G. I. Bill of Rights amounting to over \$143 million. It has been the policy of savings and loan associations in the granting of such credit to scrutinize carefully each deal with a veteran so that the home to be purchased or built will so far as is possible result in a practical end result instead of foreclosure. Much time has been spent by managers of savings and loan associations in their dealing with veterans. In many cases World War II veterans have been placed in charge of this department.

Total loans granted, in the same manner as savings activity, have been stepped up every year and you may be interested in knowing that for the last six months of 1948 plus the first six months of 1949, \$292,930,000 of credit has been extended for the purpose of building, buying, refinancing, and reconditioning homes. Seventy-six per cent of this credit has been for buying and building. Thus, real estate people, home furnishers, and others interested in the American family have been benefitted by these associations.

As we enter the new year, there is every indication that the savings and loan industry will play an even more important part in the encouragement of thrift and in financing the nation's homes. The large cash and government bond portfolios together with new savings, monthly repayments on mortgage loans, the reserve system credit available under the Federal Home Loan Bank Act should insure an adequate amount of funds for new building, home purchase, and property improvement. The trend toward smaller homes evidenced in the building construction industry will receive cooperation from our savings and loan associations as is to be expected.

MURRAYVILLE

Murrayville—Mr. and Mrs. Lyndall Symons and children, Jimmy and Jerry, Mr. and Mrs. Clarence Sunderland and Charlotte and Donna, Mrs. Lennie Rea, Mrs. Emory Story, Mrs. Maurice Walsh, Janet Walsh, Virginia Seal, Mary Jo Noble, Margorie Howard, Mrs. Ethel Stringer, Mrs. Amelia Smith and Mrs. W. A. Jones attended a piano recital in Jacksonville Thursday evening.

Jimmy and Jerry Symons and Charlotte Sunderland were on the program.

Mrs. Ada Barton of Jacksonville spent the weekend at the home of her daughter, Mrs. Lyndall Symons and family.

Mr. and Mrs. Elvis Spencer visited their son-in-law and daughter, Mr. and Mrs. John Sherwin of Glasgow Tuesday.

Mr. and Mrs. Leslie Smith of Moxley were supper guests of their mother, Mrs. M. J. Smith, Friday evening. After supper Mrs. Smith accompanied them to Roodhouse, where they visited her daughter, Mrs. Lloyd Spencer and family.

Mr. and Mrs. Robert Henry have returned from several months stay with their daughter, Mrs. Winona Smith of White Hall.

Dillard Fitzsimmons of near Jacksonville spent Friday with his brother, J. W. Fitzsimmons.

Miss Lorene Booy of Granite City is spending the weekend with her parents, Mr. and Mrs. Louis Booy.

Thomas Sidebotham's Tavern, the hostelry where the first savings and loan association in America held its meetings in the Village of Frank-Philadelphia.

Mural Of Civil War Jacksonville Hangs In New Office

This magnificent mural, showing Jacksonville as it was in 1861, hangs in the new offices of the Jacksonville Savings and Loan Association. The mural is from a lithograph which belonged to Richard Yates, governor of Illinois during that period. Looking west on State street, it shows how the city had already begun to spread out. Many old landmarks, such as Governor Yates' residence, Illinois College, the Illinois Conference Female College, Dunlap House, each of the four sides of the public square, the State hospital, the schools for the deaf and the blind, the Jacksonville Female Academy, Duncan Grove, and the old court house, can be seen.

CHANDLERVILLE

Chandlerville—Mr. and Mrs. Dale Huffman spent Sunday in Havana with her parents, Mr. and Mrs. Oscar Fietzing. Mr. and Mrs. John H. Vollmers and son, Ruel Elchenauer, and daughters visited Sunday afternoon with Miss Alice Vollmers, a patient at the Our Saviour's hospital. Mr. and Mrs. Theodore Case are the parents of a son born Friday at St. John's hospital in Springfield. He is their sixth child and fourth son. Kenneth Fortney of Peoria spent the weekend here with his mother, Mrs. Emma Fortney. Mr. and Mrs. Elmer Jurgens and

sons spent Friday evening with her parents, Mr. and Mrs. Charles Hendrich, of Petersburg. Mr. and Mrs. Marvin Crowell and Mrs. Burdette Hoon were Havana callers Friday. Mr. and Mrs. Vertis Abbott and son were Jacksonville visitors Friday. Mr. and Mrs. George Cline were Virginia visitors Friday. Miss Marjorie Ann Kern was a guest over the weekend at the home of Mr. and Mrs. Jesse Kern of Virginia. Enoch Anderson, who is employed by Allis Chalmers in Springfield, spent the weekend with his parents, Mr. and Mrs. Wilmot Anderson and family. Mr. and Mrs. Hal Benner are the

parents of a son born Feb. 4 at Passavant hospital, Jacksonville. The mother is the former Joyce Hendrickson. This is their first child. **CZECH JEWS IMMIGRATE** Prague—Between 22,000 and 24,000 Czech Jews have immigrated from this country since May, 1948. Jewish sources here reported here recently. About 11,000 remain. Only three or four thousand have gone to countries other than Israel. Most of the immigration has been arranged by the American Joint Distribution Committee, Jewish philanthropic and welfare organization. The "Joint" recently announced it was cutting off its staff in Czechoslovakia because its "work has been pretty much done." "Joint" spokesmen said, however, that Jewish doctors, dentists and other professional men have not been able to obtain passports in the last five months. "This is understandable because there is a shortage of these men in Czechoslovakia at the present," these spokesmen said. Of the 17,000 Jews left in the country, "many have applied for passports to emigrate to Palestine," Jewish spokesmen said. "But it is getting harder to obtain them."

Rainfall in the Appalachians carries away 275 tons of sediment from each square mile in one year. **Offers Complete Relief from Constipation** the clogging, TRANSIENT kind! **DR. EDWARDS' OLIVE TABLETS**

PATTERSON

Patterson—Mr. and Mrs. Clark Tankersley and the latter's parents, Mr. and Mrs. R. D. Fryday, all of Monroe, La., spent from Thursday till Sunday with the former's parents, Mr. and Mrs. Bert Tankersley. Mr. and Mrs. Ralph Martin of Washington, Ill., were recent visitors with Mrs. Bertha Nicholson and family.

Mrs. Mildred McEvers called on Mr. Minerva Coker and Mrs. Rachael Bryant in White Hall Sunday afternoon. Mrs. Ella Groce, a former resident of Patterson who has recently been a patient at Passavant hospital in Jacksonville, has been brought to the home of her sister, Mrs. Alberta Rawlings, at Roodhouse.

Mrs. Floyd Violet and infant daughter have been released from Passavant hospital and are at the home of her parents, Mr. and Mrs. Jack Crabtree.

Don and Delbert Dunlap of Hillview spent Saturday night and Sunday with Mr. and Mrs. Leo Dunlap and son. Sunday afternoon callers in the Dunlap home were Mrs. Estelle Dunlap and Mrs. Alma Dunlap of Hillview and Mr. and Mrs. Carroll Dunlap and son, Ronald, and Merle Lemon, all of White Hall.

Mrs. Maude Johnson has returned to her home after a few weeks visit with relatives in Granite City. She was accompanied here by her son-in-law and daughter, Mr. and Mrs. Harold Bain, and family, who spent the weekend with relatives.

Mrs. V. L. Hubbard visited Thursday afternoon at Roodhouse with her sister, Mrs. Ethel Lewis. Mr. and Mrs. Paul Wilmington and family of Quincy were Saturday evening supper guests of his parents, Mr. and Mrs. A. L. Wilmington.

State Auditor's Letter Expresses Congratulations

The following is a portion of the letter of congratulations received Wednesday by Dr. A. B. Applebee from Benjamin O. Cooper, State Auditor of Public Accounts. "It was a pleasure to learn that the Jacksonville Savings and Loan Association has accomplished another milestone in its long record of progress—completion of its extensive remodeling program of its offices. This institution, since its establishment 33 years ago, has discharged its responsibilities to its community in a forthright and progressive manner. I am happy to have the opportunity of extending the sincere congratulations of myself and my staff to the shareholders and management upon this important milestone in the association's accomplishments. The Jacksonville Savings and Loan Association has demonstrated a real capacity for community service and for furnishing the financial vehicle by which the standard of homes in the Jacksonville area has become so outstanding in our great State. The association's continued success and progress is clearly indicative of its successful solution of the many varied problems that arise during the course of the operation of such an institution. These problems involve much more than abstract business principles in that they go to the very heart of the American home. Without this association, many of the citizens in Jacksonville would not today be the proud owners of the homes in which their children have been nurtured in the fundamentals of Christianity and Americanism. The present position of leadership of the Jacksonville Savings and Loan Association is a tribute to the ingenuity and the ability of its management and to the thrift of its shareholders and borrowers."

From where I sit ... by Joe Marsh

"Left-Handed Compliment"

See where a bank in Denver is putting in left-handed checkbooks. They figure their southpaw depositors deserve just as much consideration as the right handers.

Time was when it was believed that left-handed people had no right to exist at all. If a youngster showed signs of using his left hand, his parents were supposed to break him of the habit—to force him to use his right.

But today most doctors will tell you that changing a child's natural left-handed tendency usually causes more harm than good.

Stammering and other nervous disorders often get their start that way with children.

From where I sit, if a man wants to use his left hand—that's his business. It's not such a good idea to make anyone do things our way, just because we think it's right. Personally, I think a mellow glass of beer is the finest beverage on earth. If you happen to prefer a Coke—why, go to it! Only leave me the same freedom of choice, won't you?

Waverly Raises \$273.52 For 1950 Polio Campaign

Through the generosity and efforts of a good many Waverly citizens the City of Waverly was able to make a donation of \$273.52 to the March of Dimes campaign.

The campaign there was under the direction of the Waverly Lions club, with J. P. Ashbaugh as chairman. Among the various activities staged to raise funds were a benefit basketball game and a gun shoot. A special collection was also taken at the theater.

Reports from other communities show that Franklin raised \$77.11; Meredosia, \$17.44; Chapin, \$33.54; Woodson, \$9.05; Concord, \$17.66; Prentice, \$43.18; Alexander, \$37.31; Nortonville, \$4.20; Arcadia, \$25, and Murrayville, \$44.86.

Purposes Of Zoning Discussed In Report

Basic considerations and the scope, development and to guide future growth, zoning should control:

"1. The use of land and of buildings—regulations governing whether or not property can be used for commercial, industrial or residential purposes.

"2. The height of buildings—regulations establishing maximum building heights.

"3. The open space around buildings—regulations specifying the minimum depth of front, side and rear yards around buildings.

"4. The density of population—regulations specifying the minimum number of square feet of lot area that must be provided for each family.

"Zoning does not control the type and character of building construction; this is accomplished by the Building Code. Nor does zoning control the architectural design or the cost of the structure. Such matters can be controlled only through deed restrictions and private covenants put into effect when a subdivision is recorded or a parcel of land is sold.

"Zoning is accomplished by dividing the city into districts. The enabling act is again quoted on the mechanics of zoning. One district may differ from another in the type of uses permitted, or the same uses may be permitted in two or more districts and different yard depths and lot areas be required.

"Minimum Regulations

"Zoning regulations are minimum regulations. The regulations in one district, for example, may require a 30 foot front yard or lot containing 6,000 square feet. This is the minimum required; buildings may be set back further on lots and lots of larger area are permissible. In a district where the maximum height limit is six stories, buildings of a lower height are permitted. In practically all cities the majority of development is built at a higher standard than that required by the regulations.

"There have been many court decisions relating to the meaning of the word 'district.' While most courts recognize that cities must be granted considerable discretion in determining the size and boundaries of these districts, such boundaries must be reasonable. For example, in most cases both sides of a street are similar and should be in the same district. Consequently, the district boundary should not follow a street but should follow the alley or rear lot line. Where two major streets intersect all four corners are usually alike. If one is zoned for business, at least two and usually all should be so zoned. The courts have indicated, however, that one lot is not a district. The so-called 'spot' zoning of individual parcels of land is neither fair, equitable or satisfactory, and at certain times has been held to be illegal.

The purpose of zoning is to direct building development to the best advantage of the entire municipality.

"In all ordinances passed under the authority of this article, due allowance shall be made for existing conditions, the conservation of property values, the direction of building development to the best advantage of the entire municipality and the uses to which the property is devoted at the time of the enactment of such an ordinance."

The couple has returned from a wedding trip and reside in this city.

Jerseyville Man Burns To Death

Alton, Ill., Feb. 8.—(P)—John Thurston, 50, of Jerseyville, Ill., died in St. Joseph's hospital here today from burns suffered several hours earlier when his clothes caught fire while in bed at a Jerseyville nursing home.

Club Endorses Miss Sieber For District Office

Miss Charlotte Sieber has been endorsed by the Jacksonville Women's club as a candidate for president of the 20th District, Illinois Federation of Women's Clubs.

The resolution supporting Miss Sieber was made at a meeting of the executive board held Tuesday at 9:45 a. m. in the Farmers Bank building, with the president, Mrs. H. C. Hart, presiding.

The board went on record against any form of compulsory health insurance and copies of the resolution are to be forwarded to the president of the United States, the senators from Illinois and the representative from this district.

Donations were voted to the Junior Deputy Sheriff's league, \$3; Passavant hospital, \$50 and film bank \$2. Mrs. John Marshall served as secretary pro-tem in the absence of Mrs. Clarendon Smith, who is a patient at Passavant hospital.

The regular club meeting will be held Saturday at 2:30 p. m. at the Dunlap hotel, at which time a program of "Fun With Hats" will be presented by Martha McDonald of Joliet. Musical numbers will be sung by Miss Mary Helen Potter.

Chairman of the day will be Mrs. Dallas Hagan. Mrs. Homer Potter will be chairman of hostesses, assisted by Mrs. George Thayer, Mrs. Effie Baxter, Mrs. Florence Wood, Mrs. Zeina Hackman, Mrs. Sarah Ranson, Mrs. Walter Wright, Mrs. Cornelia Lane, Mrs. T. O. Hardesty, Mrs. L. K. Hallock, Mrs. Fletcher Blackburn, Mrs. Cornelius Stocker, Mrs. Clara Grassley, Mrs. Adelia Johnson, Mrs. Harold Wright, Mrs. E. H. Caldwell, Mrs. Arthur Ewert, Mrs. O. F. Buffe, Miss Violet Davis, Mrs. George Douglas, Mrs. Thomas Harber, Mrs. Lois Hardin, Mrs. Fletcher Hopper, Miss Emma Hunter, Mrs. Merle Ingels, Mrs. Wilbur Jeffries, Mrs. Lena Kerns, Miss Mary Knollenberg, Mrs. Julian Hall and Mrs. John Marshall.

Social Events

Northminster Society Plans Japanese Luncheon

The Ladies Aid society of Northminster Presbyterian church met Feb. 2 with Mrs. Carl Day, the president in charge. Mrs. George Coraor led devotions.

Announcement of the World Day of Prayer to be held at Centenary Methodist church, a luncheon at Grace Methodist church and special services during Lent at Trinity Episcopal church, was made by Mrs. C. F. Janssen. Rev. Janssen announced that Northminster will have a guest speaker Feb. 26. Mrs. Coraor reported that the missionary society will hold an all day meeting Feb. 16, with "Japan" as subject of the program. A Japanese luncheon will be served.

Mrs. Janssen closed the meeting with prayer, songs and a Bible quiz were features of the social hour. Refreshments were served by Mrs. W. W. Wild, chairman, assisted by Mrs. Marlis A. Hodge, Miss Evelyn Scott, Mrs. Fred E. Day, Mrs. Loren DePrates and Mrs. Clyde Vasconcellos.

Rev. Heuston Speaks To Members Of Sorority

"Life Is An Artist" was the subject of a talk by Rev. Leslie Heuston of Central Christian church at a dinner meeting of Omega Chapter of Beta Sigma Phi at the Dunlap hotel Monday evening.

Jean Smith, president, was in charge of the business session. Later in the evening Marian Anderson received the "ritual of jewels" in an impressive ceremony read by the president.

FISHING LICENSES FIND READY TAKERS

Customers were on hand when a supply of 1950 fishing licenses arrived Wednesday morning at the office of County Clerk George T. Douglas.

Harry T. Strawn was the first citizen with visions of warmer days and hungry fish to take out a new license. He was followed by Arthur Jackson, C. W. Mills, Sr., and Mr. and Mrs. S. E. Brummitt.

County Clerk Douglas said there have been numerous inquiries about the 1950 licenses even before their arrival. He is now prepared to fix up fishermen who wish to be in readiness for the first nice day.

Farmers Elevator At Carrollton To Have Annual Meet

Carrollton—The Carrollton Farmers Elevator will announce at their 31st annual meeting to be held Feb. 16, that they have completed the third consecutive year in which their volume of business has totaled more than a million dollars. Of this amount \$32,163.90 will be paid to stockholders and as patronage funds at the close of the annual meeting. The preferred stock holders receive 7% on their investment or a total of \$2,191 and the remainder of the \$32,163.90, or \$29,972.87, will be paid as patronage refunds including three cents a bushel paid on grain purchased and 4% on merchandise bought.

L. B. Hornbeck, district organization director of the I.A.A. will be the guest speaker at the annual meeting, which is to be held in Bijou theater following a dinner which will be served in the Baptist, Presbyterian, Methodist and Christian churches and in the Knights of Columbus hall by the members of the Catholic Daughters of America.

An election of directors will be held in connection with the annual meeting. The two board members whose terms expire are Charles Clark and John Meister.

Floyd Howard is the manager of the Carrollton elevator.

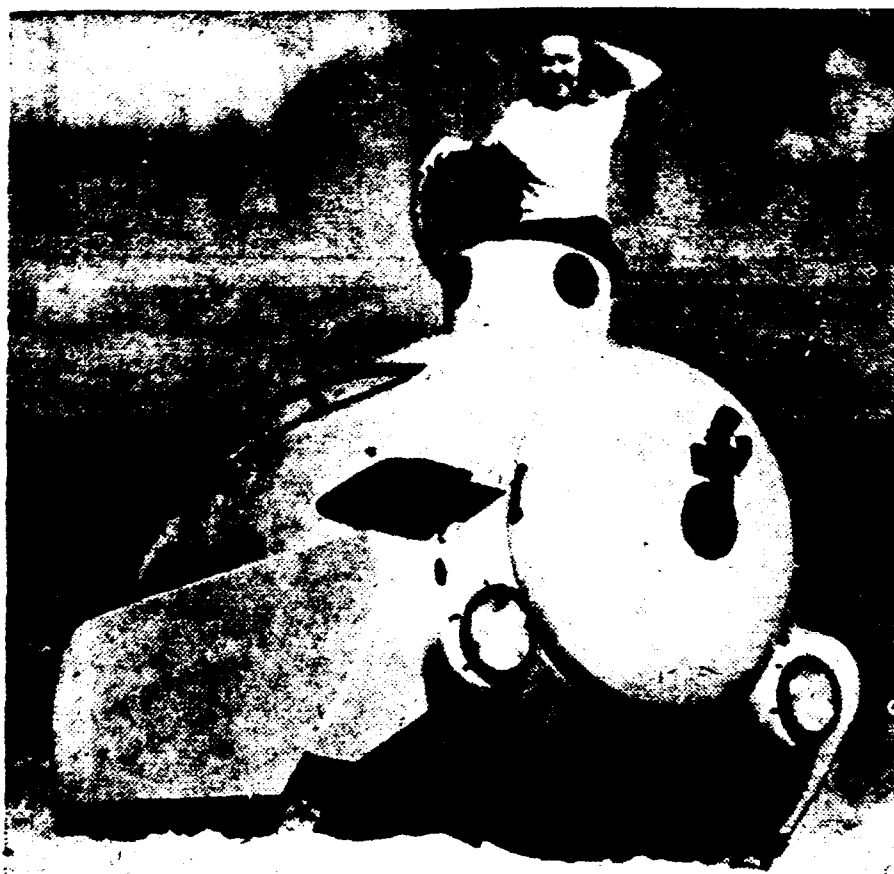

William H. Wallace was the first governor of Idaho Territory.

GAS PAINS GO! Inches of Bloat Vanish

Swelling with gas after meals—rifting of hot, sour liquids into the throat—a heavy, swollen feeling around the waist-line. These are some of the penalties of an Upset Stomach.

CERTA-VIN is helping hundreds of stomach "victims" here in Jacksonville. One local man said Certa-Vin worked so much gas and bloat from him that his waist-line went down 7 inches.

CERTA-VIN is a new formula containing Ten Great Herbs blended with vitamin B and iron. It not only relieves gas; it also enriches the blood with new red cells and makes the nerves stronger with vitamin B. Miserable people soon feel different all over. So don't go on suffering! Get CERTA-VIN—MACE'S Drug Store. Adv

PRETTY POP-UP—Libby Stapleton emerges from the conning tower of a new two-man submarine recently completed at Miami, Fla. The 13 by four and a half foot craft can crawl on land or swim and dive to 1000 feet deep at sea. It will be available to an underwater cameraman, salvager, treasure hunter or a guy having a date with a mermaid.

Winchester FFA Members Attend Judging Contest

Winchester—H. B. Corrie, teacher of vocational agriculture, at Winchester high school, and a few members of the Winchester chapter of the Future Farmers of America, journeyed to Waverly Feb. 5 to attend a poultry and grain judging contest.

The boys who attended were Kenneth Lawson, Charles Fletcher, William Fletcher, Dan Lashmet, James Neff and Randall Killebrew.

The boys competed in several of the judging events. Randall Killebrew obtained the highest rating of the Winchester group. He received a mar of 708.5 out of a possible 1000 after once being reset. They should be replaced.

Automobile springs should be reset only once. If they develop a sag a mar of 708.5 out of a possible 1000 after once being reset. They should be replaced.

News of the World in Pictures

DRIFTING IN from eastern German territory, Gertrude Voleynik (right) stuns Berlin when she issues an appeal to parents of recently deceased children to bring the bodies in so she can revive them. Getting no takers, she is devoting her time to "curing" paralyzed women, such as Ida Huebner.

FAMED SKYLINE DRIVE (Route 7) along the Ohio river near Marietta, O., is blocked for 200 feet, and a branch of the Baltimore and Ohio railroad is cut when thousands of tons of rock slide down a hill. Traffic was rerouted for two weeks.

A TABLECLOTH bright blue and white checked damask jacket and bra, casually worn with blue jeans, is modeled at a New York March of Dimes fashion show by Joe Hildebrandt. King Features Syndicate

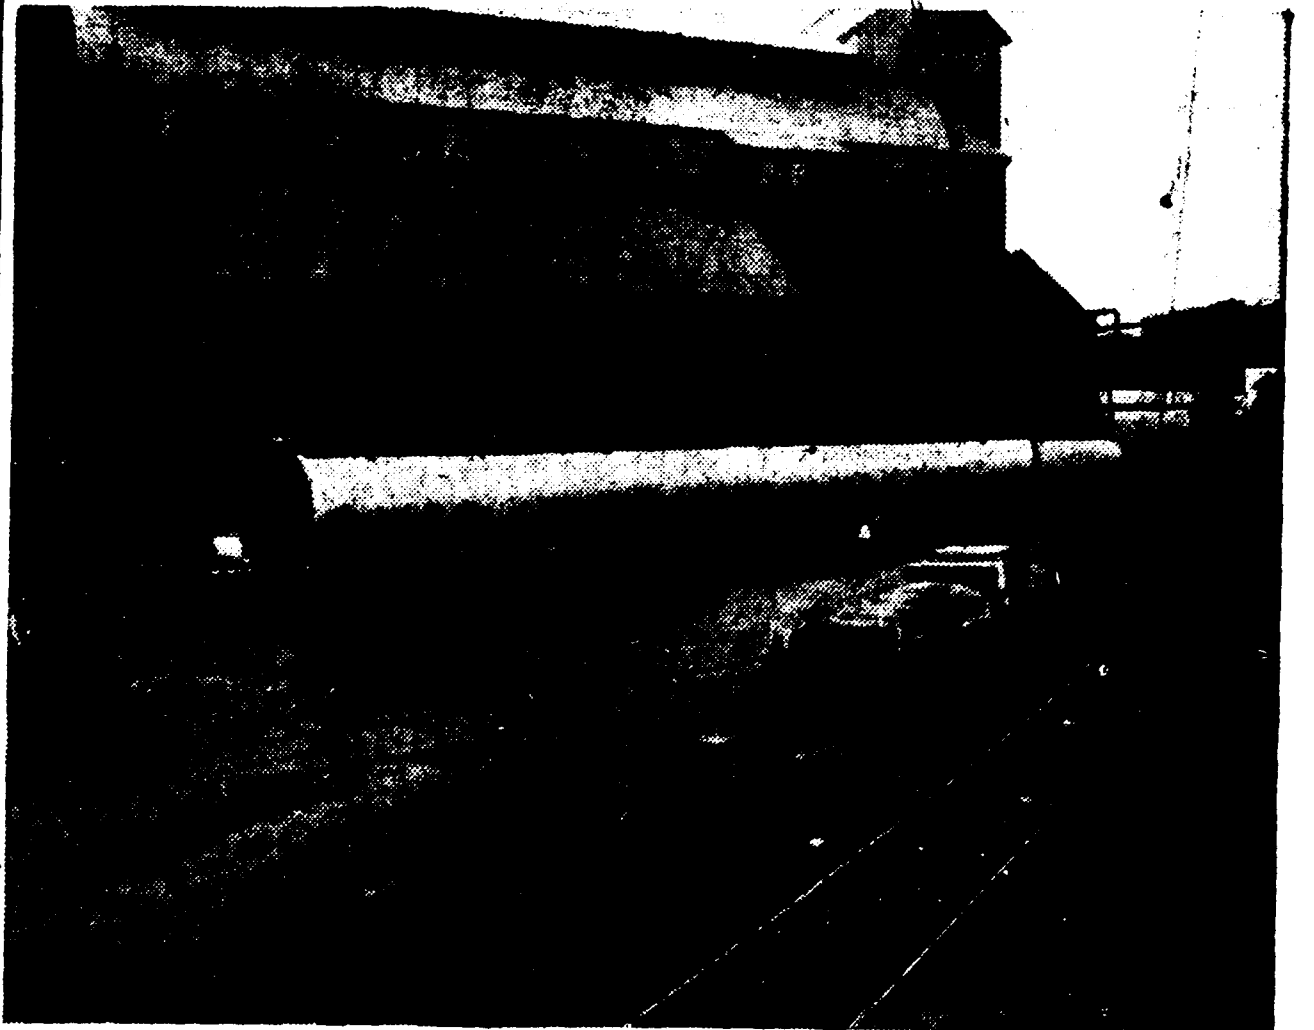

THE LITTLE DAUGHTER of an Indian House Embassy staff member at Paris lays a wreath on the bronze bust of Mahatma Gandhi as the democratic Republic of India is proclaimed.

ASSOCIATE Supreme Court Justice Tom Clark sits for an oil portrait in the Washington studio of Greta Kempton. Miss Kempton's portrait will hang in the Department of Justice.

'—THERE'S A WAY'

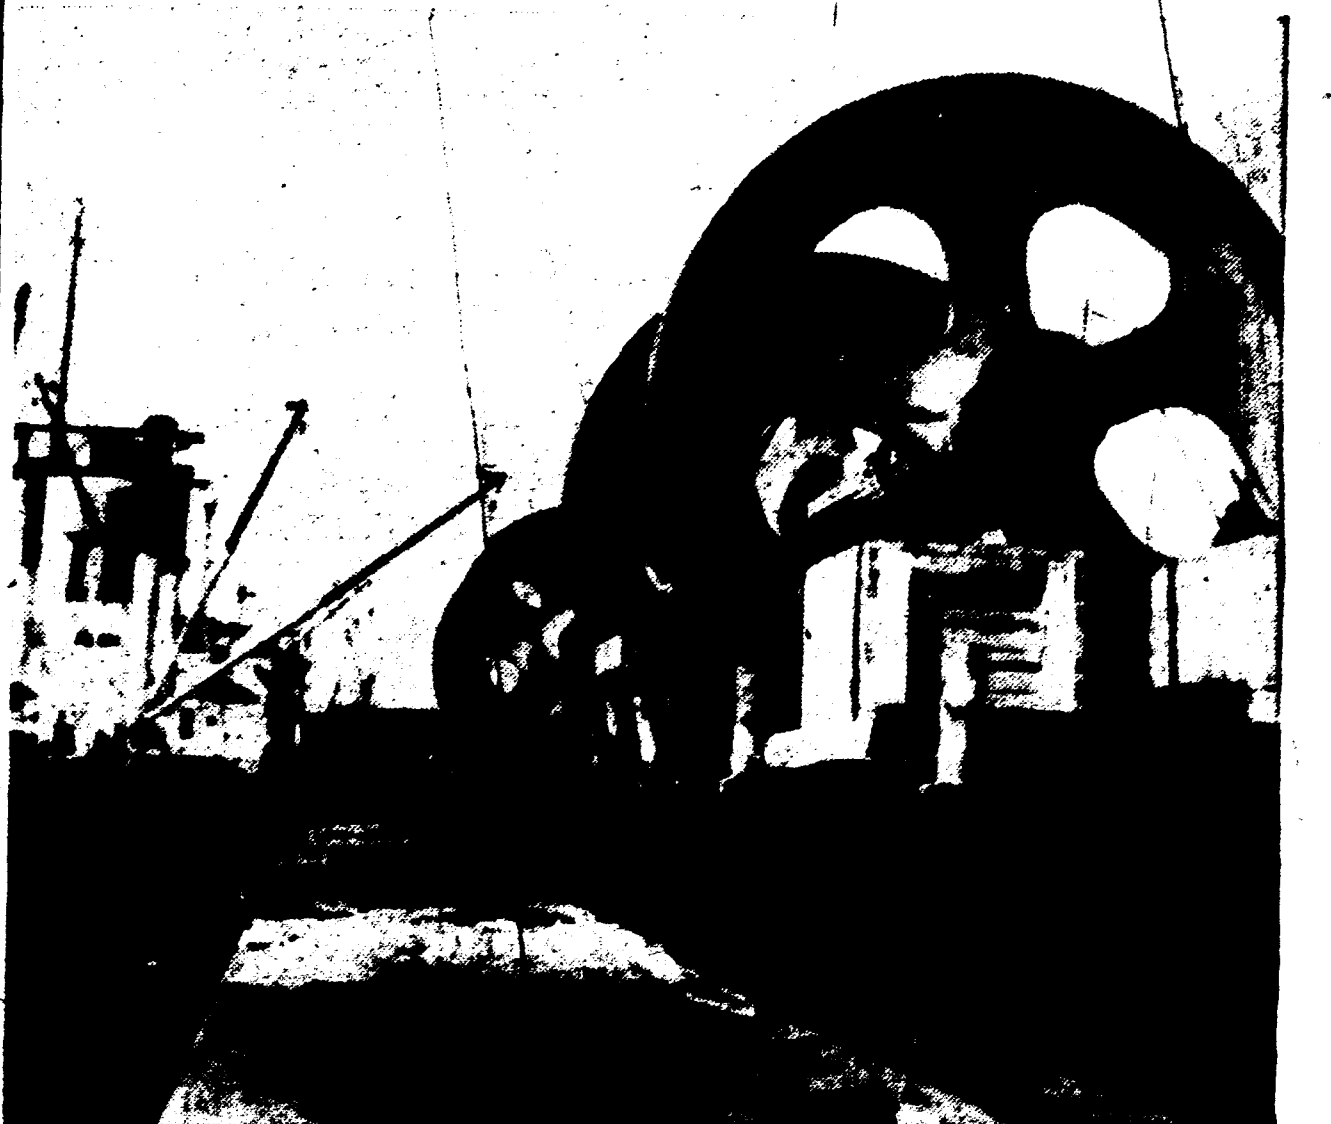

"IF WE CAN make it I can deliver it," boasts Jake Hoover, general freight manager for a New York steel company. To live up to his boast Jake often has had to stretch his ingenuity to the limit in his job of arranging transfer of bulky consignments of vast tonnage. An amazing knowledge of the nation's detours has pulled him through time and again. Jake has floated air-tight lock gates all the way to the Canal Zone when they were too heavy for barges, and arranged what is believed was the largest air cargo ever flown.

Moving this 109-ton, 155-foot-long steel pressure cooker for creosote posed problem which Jake Hoover overcame by loading it onto three flatcars and praying for straight track.

JUST ABOUT EVERYONE except the groundhog was out in Ontario's forests looking for shadows on Groundhog Day, and most of them stayed out. The chubby raccoon makes his own shadow on a tree. The raccoon pup forgets shadows to nibble on a brook trout and the hedgehog feeds on spruce buds.

These huge flywheels destined for a mill in Chile are typical of the mighty loads for which Jake arranges transportation. Complete steel mills have been shipped throughout world.

Better Cough Relief
When new drugs or old fail to stop your cold don't delay. Safe, dependable Creomulsion goes quickly to the seat of the trouble to relieve acute bronchitis or chest colds. Creomulsion stood the test of more than 30 years and millions of users. It contains safe, proven ingredients, no narcotics and is fine for children. Ask your druggist for Creomulsion and take it promptly according to directions.

CREOMULSION
Relieves Coughs • Chest Colds • Bronchitis

White Hall Couple Guest Of Honor At Birthday Event

White Hall—Miss Emma Thuet was hostess at her home on South Main street Sunday, Feb. 5, with a birthday dinner honoring Mr. and Mrs. Ennis Tunnison. Mrs. Tunnison's

on's birthday anniversary occurred during January and Mr. Tunnison's will occur during February. Besides the immediate family of the Tunnisons, guests included Mr. and Mrs. Robert Whitely of Carlinville, Mr. and Mrs. Emmett McAlinney of Greenville and Mr. and Mrs. Edwin McAlinney and son Jimmy of St. Louis.

Two birthday cakes with candles adorned the dinner table. Mr. and Mrs. William M. Goben are parents of a daughter born at 9:15 a. m. Monday at the White Hall hospital. The weight was seven lbs. 64 ounces. She has been called Deborah June. Mrs. Goben is the former Audrey Bateman. The maternal grandparents are Mr. and Mrs. Alfred Bateman and the paternal grandparents, Mr. and Mrs. H. E. Goben, all of White Hall.

Mr. and Mrs. Norman Jones visited Mr. and Mrs. Everett Taylor in Patterson Sunday.

Steel, coated with terne, an alloy 15 per cent tin and 85 per cent lead, is used principally for automobile fuel tanks.

Birthday Party Honors 3-Year-Old Girl At Chapin

Chapin—Mrs. Gordon Johnson entertained at a party honoring her daughter, Gwendolyn Lea, on her third birthday anniversary.

As the little guests arrived, paper hats of assorted colors were distributed. Mrs. Armond Goodrich had charge of the entertainment, which consisted of a heart, pictures and dart games, followed by a candy hunt. Refreshments were served. The guest of honor received many gifts. Those present were Gwendolyn Lea Johnson, Deloris and Darlene Thompson, Michael Ward, Gayle Rigor, Mary Rahe Lakamp, Louise Medlock, Michael and Bonnie Obert, Gary Orris, Jackie Teeters, Ronnie Watts, Gary and Wanda Mattes, Jennifer Ater of Griggsville, Sandra Medlock, Marjorie Medlock of Jacksonville, Mrs. Wayne Thompson, Mrs. Edwin Lakamp, Mrs. Lonzo Ater, Mrs. Armond Goodrich, Mrs. T. E. Rigor, Mrs. Donald Obert, Mr. and Mrs. Herschel Orris, Mr. and Mrs. Melvin Johnson, Gordon Johnson, Jimmie Orris and the hostess, Mrs. Gordon Johnson.

Graduating Class At Ashland Picks Colors, Flower

Ashland—Wanda Maddox, secretary and treasurer for the class of 1950, has started measuring the seniors for their caps and gowns. Since some of the students wanted to wear formal for graduation, a vote was taken, with the caps and gowns winning. Invitations, calling cards and the caps and gowns are being ordered. A program is also being lined up for graduation. Royal blue and white was chosen as the class colors, and white roses are the favorite flower.

Miss Mabel Sever has returned home from Detroit, Mich., after a week's visit at the home of Mr. and Mrs. Frank Hudspeth. Mrs. Frances Davey is a patient in St. John's hospital, Springfield. Dr. and Mrs. Wolaver left last week for Hot Springs, for a week's stay. Ashland will sponsor a fox drive on Sunday, Feb. 12. The money will go for the March of Dimes.

No Health Fund In Cleaning Price

Los Angeles—(P)—A court has ruled that establishing a minimum charge for cleaning suits and topcoats will not improve the public health. The State Board of Dry Cleaners sought to restrain one business from doing the work for less than the minimum charging that public health and safety would be threatened. Superior Judge Clarence Hanson denied an injunction, holding that a price increase would not rise health standards.

THAILAND WATCHES BORDER
Bangkok—(P)—To forestall possible Chinese Communist infiltration from Indo-China, Thailand has banned border crossings by Chinese except by visa. Thailand formerly had reciprocal agreements with Burma and Indo-China to permit border crossings for trading purposes.

M. C. Thompson First Lucky Farmer; Spots Familiar Landmarks

Across the road from the home of Mr. and Mrs. M. C. Thompson of Jacksonville rural route 4 there is a well surrounded by a crooked fence.

Mr. Thompson, who owns the 60 acres where he lives, pays little attention to that crooked fence as he does the chores these winter days. When he saw an aerial photograph of his farm in The Journal last Saturday morning, he took plenty of notice.

"That crooked fence around the well was the first thing I noticed," Mr. Thompson said. "Then I studied the house, barn, and other landmarks—I was confident the picture was of my farm."

Most good and choice butchers weights sold from \$15.00 to \$17.85 in the hog pens with some taking \$13.00 to \$15.25 and a few choice going to \$15.50. Broad clearance was achieved early with the saleable supply of 9,000 running around 1,000 under trade hogs.

Fed steers and yearlings grading high-good to choice took \$29.50 to \$36.00 and medium and good grades made \$22.00 to \$29.00. Medium and good heifers sold between \$22.00 and \$27.00, one load getting up to \$27.25. Cows and bulls ran strong to fully 25 cents higher with the former topping at \$20.00 and the latter generally \$21.50. Vealers brought \$32.00 and below except for a few which hit \$33.00.

Most good and choice wooled lambs made \$25.50 to \$26.15, while most short kinds were \$24.00 to \$24.50, an outstanding price of \$24.75 being exceptional. Slaughter ewes took \$13.00 and under saleable unloads also included 8,000 cattle, 300 calves, and 3,500 sheep.

Markets At A Glance
New York, Feb. 8.—(AP)—Stocks—Irregular; buying in steels and motors poor market.
Bonds—Mixed; rails in slow decline.

Chicago

Birthday Party For Glasgow Boy

Glasgow.—Mrs. Abner Day entertained a group of children at her home here Saturday afternoon, Feb. 4, for 2 to 4 o'clock, in honor of the sixth birthday of her son, Gordon Wayne, which was on Sunday, Feb. 5.

Mrs. Kenneth Leitz of Ailey, Mrs. Harold Day and Miss Reba Rider assisted the hostess.

Games, puzzles, contests and balloons provided entertainment for the young guests. Refreshments served included ice cream and birthday cake. Gordon Wayne received many nice gifts.

Those at the party were Linda Smith, Larry Killebrew, Ruth Ann Day, Evelyn Fundel, Sandra Lou Cooper, Sharon Kesterson, Kay Smith, Keith and Audrey Nicholson, Leith Lee Oswald, Kenneth Lee Leitz, Jeanne Bowman, Gale Sherwin, Gerald and Dale Nell, Tommy and Teddy Steefman, Jackie and Eddie Newlin, Carolyn Hannel and the guest of honor, Gordon Wayne Day.

John A. Wilson, who entered Our Saviour's hospital in Jacksonville the first of last week for treatment and observation, was able to be brought home Sunday in an improved condition. His son and wife, Mr. and Mrs. Harry Wilson of Chicago, arrived here Friday evening for a few days' visit with his parents.

Exeter Man Held At Springfield

Billy Dean Berry, 25, of Exeter was arrested at 6 o'clock Tuesday evening at Springfield by Sheriff's deputies on a charge of making threats to kill.

The charge was made by his wife, Mrs. Margaret Berry.

Berry was being held in the Sangamon county jail under \$1,000 bond pending a hearing at 1 p.m. Tuesday before Police Magistrate W. D. Conway.

New York Stock Market

New York, Feb. 8.—(AP)—A rally in steels and motors today pulled the stock market out of a slump.

Prices presented a ragged appearance with gains and losses thoroughly mixed with a movement of around a point either way.

The buying flare followed the announcement that talks would be resumed between workers and management in the coal strike and in the Chrysler Corp. shut-down.

Trading picked up considerably on the rise with the volume of business at the rate of 1,400,000 shares for the entire day.

Franklin Couple To Observe Their 25th Anniversary

Mr. and Mrs. J. Harold Campbell of rural route 2, Franklin, will observe their 25th wedding anniversary Saturday, Feb. 18. In honor of the occasion the couple will hold open house for friends and relatives Sunday from 2 to 4 p.m.

Irene Waltman, daughter of the late Mr. and Mrs. Henry Waltman, and Harold Campbell, one of the twin sons of A. J. Campbell, west of Franklin, and Mrs. Edna B. Campbell of this city, were married at the parsonage of Lynnville Christian church by Rev. L. R. Cronkite, pastor of the church at that time.

They are parents of four children. Mrs. Rosemary Jarvis of this city, Edith Ann, Bobby and Donnie at home. They also have one granddaughter, Vickie Diane Jarvis of Jacksonville.

Florida Sensation Has Been Signed By Chicago Bears

Chicago, Feb. 8.—(AP)—Charley Hunsinger, University of Florida's sensational halfback, has been signed by the Chicago Bears, owner George Halas said today.

Hunsinger, an all-state prep star at Harrisburg, Ill., was No. 1 on the Bears draft list.

Halas announced the signing following a meeting yesterday between his son, George Halas, Jr., and Hunsinger in Gainesville, Fla.

Other players to be contacted by the Bears are fullback Fred Morrison of Ohio State, and Bill Wightkin, back Ernie Zaleski of Notre Dame and center Tom Novak of Nebraska.

Hunsinger gained a total of 774 yards in 122 tries last fall. He averaged better than six yards per carry and scored 72 points. In 1948 he gained 824 yards and tallied 12 touchdowns, chiefly on long runs.

Halas said Wally Butts, Georgia Coach, tabbed Hunsinger "one of the greatest halfbacks I have ever seen."

Halas selected Hunsinger over many of the most highly publicized college stars. He played with Bear lineman Ray Bray on the Jacksonville, Fla., naval base eleven during the war and Bray recommended him highly to Halas.

Sammy Snead Is Favored To Win Brd Texas Open

San Antonio, Texas, Feb. 8.—(AP)—Golf's star-spangled tour settled in San Antonio today for a four-day battle with \$10,000 pot as the lure in the twenty-third Texas Open.

The biggest field in this ancient tournament—started in 1922 but skipped some years in the war period—has been drawn with start slashing at par on two courses tomorrow.

Sammy Snead, currently the biggest name in golf, is in the favorite's role.

The Slammer, now registering out of Greenbrier, W. Va., has won one tournament, tied for another and finished second in two more out of the five played since Jan. 1. He was the nation's leading money winner last year and is back in the groove this year. He heads the cash earnings for 1950 with \$5,558.

Tomorrow the 313 entries in the Texas Open go through the first 18-hole round on two courses, the big names playing at Fort Sam Houston course with its 35-36-71 par over 6,426 yards. The remainder of the bulky field will slam away at Brackenridge park which has a par 35-36-71 and measures 6,400 yards.

Friday they change courses and after the second 18-hole round the top 50 and ties will enter the final 36-hole to be played at Brackenridge Saturday and Sunday.

Greenberg Says Indians Will Win Pennant In 1950

Cleveland, Feb. 8.—(AP)—General Manager Hank Greenberg of the Cleveland Indians made his 1950 American league pennant race selections today and picked the world champion New York Yankees for a dismal fourth.

The Tribe's new boss confidently predicted his own team would wind up in first place. Then: 2—Boston, 3—Philadelphia, 4—New York, 5—Detroit, 6—St. Louis, 7—Washington, 8—Chicago.

About those Yanks, Hank reasoned as follows:

"Most of them were playing way over their heads. They're not going to have Joe Page saving game after game, Tommy Henrich knocking in winning runs in the ninth inning and Joe DiMaggio picking them out at the right time."

"That kind of luck can't last. If on individual performance, the Yankees were that good, it would be different. But they aren't."

Margaret Sings Truman Made Her Second Professional Appearance In New York Last Night On The Radio Program, "Carrie Hall"

New York, Feb. 8.—(AP)—Margaret Truman made her second professional appearance in New York last night on the radio program, "Carrie Hall."

The president's daughter, a soprano, got enthusiastic applause from an audience that packed a downtown radio theater.

SPORTS ROUNDUP

Boston, Feb. 8.—(AP)—The Boston Traveler said today that Harvard's provost, Paul H. Buck, has recommended to the Harvard corporation a revitalization of the school's entire athletics program to start it back toward the heights from which it has fallen.

Green Bay, Wis., Feb. 8.—(AP)—Gene Ronzani, new head coach of the Green Bay Packers, indicated today that only one of the present three-man coaching staff will be retained this fall.

Ronzani said Charley Brock, one of Earl L. (Curly) Lambeau's assistants last year, "definitely" will be on his staff. Bob Snyder, the 1949 backfield coach, will not, he said. The future status of line coach Tom Stidham has not been decided.

Buffalo, N. Y., Feb. 8.—(AP)—Joe Louis and Ezzard Charles will meet in a heavyweight title bout in Yankee Stadium this summer, Charles' manager predicted today.

"Louis should be ready for his comeback this summer," said Jake Mintz. "I'm sure of this. And Charles will take him."

Hempstead, N. Y., Feb. 8.—(AP)—Howard "Howdy" Myers, Jr., 39, head football coach at Johns Hopkins University, Baltimore, will become football coach and director of athletics of Hofstra College April 1.

Announcement of the appointment was made today by President John C. Adams of Hofstra, who said Myers resigned at Johns Hopkins Monday.

Cincinnati, Feb. 8.—(AP)—Lou Klein, second baseman who was reinstated in organized baseball last summer after jumping to the Mexican league, signed his 1950 contract with the Cincinnati Reds today.

Klein, along with Ron Northey, was obtained from the St. Louis Cardinals this winter in a deal for outfielder Harry Walker. Northey already has signed his Cincinnati contract.

Detroit, Feb. 8.—(AP)—Gerry Priddy, the Detroit Tigers' new second baseman, signed his 1950 contract today for an estimated \$28,000. Priddy, 34, of St. Louis Browns last season, termed his new contract "the best I've ever had."

Cincinnati Reds To Start Club For Alumni Of Team

Cincinnati, Feb. 8.—(AP)—The Cincinnati Reds, who have been out of the pennant race for years, have one record they want to hold always—that of being first in doing new things.

The club was the first in major league history to play a night game. That was in 1935.

Coach Paul Stroud's visiting five stayed within two points of the hosts in the first quarter, trailing only 12-10 at the break. However, a bad second period for the Rockets enabled

Decatur — St. Teresa of Decatur successfully repelled a Decatur Rocket invasion here last night, downing the invading Jacksonville quintet 47-40.

Coach Paul Stroud's visiting five stayed within two points of the hosts in the first quarter, trailing only 12-10 at the break. However, a bad second period for the Rockets enabled

St. Teresa to go ahead 27-17 at intermission time.

The Decatur aggregation scored an even ten points in the third and fourth quarters to wind up with a 47 point total. Routt had only 25 points going into the last lap but managed to warm to their task enough to score 15 points and come within seven counters of the entertaining club.

Dick Casler and A. J. Spreen did most of the Routt scoring. Casler tipped in 16 points and Spreen added 15.

Sohm, 6-4 Decatur center, paced the hosts with a 19 point performance.

There was no preliminary contest.

The box score:

| | FG | FT | TP |
|-----------|----|----|----|
| Routt | 5 | 6 | 18 |
| Casler | 5 | 6 | 18 |
| Green | 6 | 3 | 15 |
| Saner | 1 | 3 | 13 |
| Loneragan | 2 | 2 | 6 |
| Sellers | 0 | 0 | 0 |
| Totals | 19 | 12 | 40 |

St. Teresa

| | FG | FT | TP |

| Burke | 2 | 1 | 5 |
| J. Collins | 4 | 3 | 11 |
| Beyern | 2 | 0 | 4 |
| Sohm | 9 | 1 | 19 |
| Casselman | 2 | 1 | 5 |
| D. Collins | 1 | 1 | 3 |
| Totals | 20 | 7 | 47 |

By quarters:

| | 1st | 2nd | 3rd | 4th |
|------------|-----|-----|-----|-----|
| St. Teresa | 12 | 27 | 37 | 47 |
| Routt | 10 | 17 | 25 | 40 |

Among other matches:

Peggy Kirk, Findlay, Ohio, seeking her third crown in the tournament, beat Mrs. Catherine Fox Park, Bloomfield, N. J., 3 and 1.

Betty MacKinnon, Mount Pleasant, Texas, defeated Pat Devany, four ball, finalist Pat Devany, Grossie E. Mich., 4 and 2.

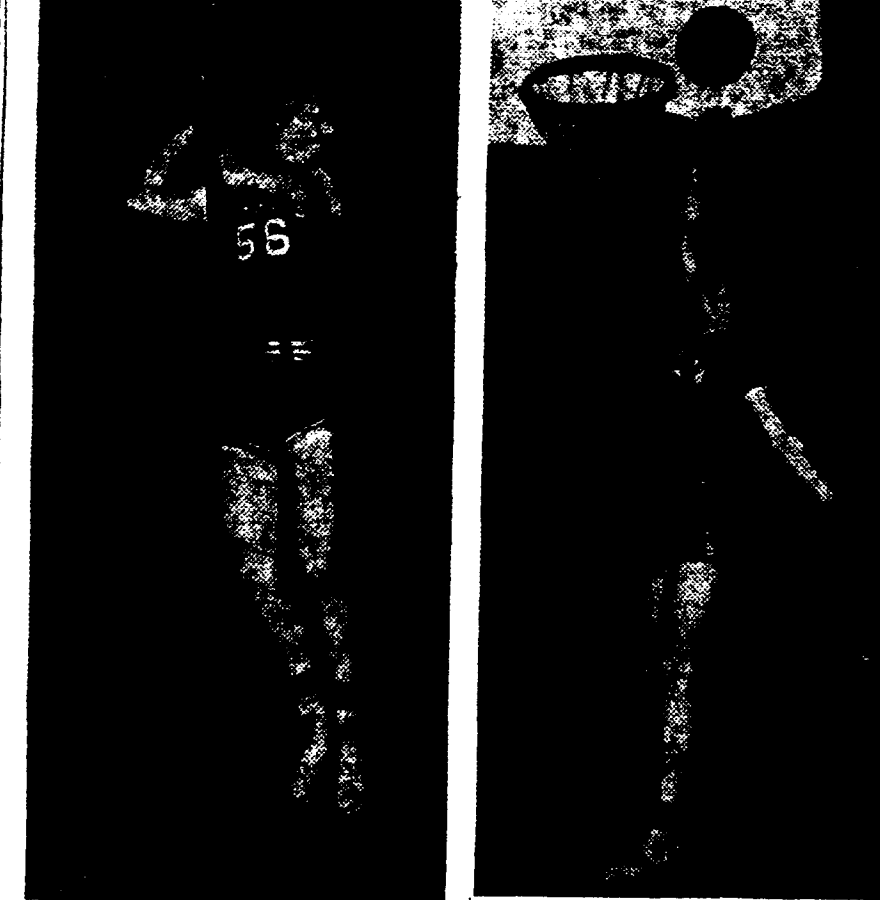

Mary Agnes Wall, Menominee, Mich., beat Bonnie Randolph, Columbus, Ohio, 3 and 2.

Marjorie Lindsay, Decatur, Ill., beat Carol Gallagher, West Palm Beach, 5 and 4.

The father and son admitted they were involved in the \$205 holdup of a south side drive-in market on Jan. 13. Two other men are awaiting trial in the holdup.

Young Harris told officers he and his father committed two drug store robberies a few nights before the market holdup.

RUGGED ROCKETS

"Hinky" Henry

These two heavy-duty performers, bounding Routt Coach Paul Stroud's hopes for a Meredosia district tournament title and trip to the Virginia regional considerably with their re-

bounding work. Rockets "Hinky" Henry and Paul Saner's combined weights approach the 400 pound mark which, together with their easy mobility, adds power to Routt's under-the-basket play.

Merodosia and Chapin, figured the strongest teams in the meet, drew boys and move directly to the semi-finals. They'll catch some tired teams at this juncture after the first-round entries finish spewing their venom at each other.

The tall Bluffs outfit, after tacking Routt 58-57 Tuesday, established itself as a definite threat in the coming meet. Hillman's boys now own wins over Routt and Chambersburg, lost by one point to Dosh and three to Chapin. They may surprise.

Just a sidelight: but did you ever wonder where Bluffs got a coach with such an appropriate name? Bluffs, Hillman—get it?

Jacksonville high is favored at Virginia. However, after Cecil McVey's boys turned in an impressive victory over Chandlerville Tuesday and Waverly bumped the Crimson in the Winchester tournament

Chapman's athletes may find trouble from several quarters. Also, Spike Wilson, Thor athletes will get a crack at their cross-town rivals should both Jacksonville teams pass the first-round tests.

Elsewhere in the state the regional set-ups seem to be "figured" so that the strongest will survive rather than eliminate each other in the first tournaments.

Only two of the top 15 high school basketball teams were thrown together in the same regional. Morton of Cicero, rated sixth in the state, and Argo, ranked 10th, landed in the Cicero regional.

Rating just below Cicero as the top attraction is the Collinsville regional. Woodrider, ninth team in the state, is favored there. However, Edwardsville and the hosts may cause the more highly-rated club some trouble.

Special interest will be focused on the Champlain regional this season. The host quintet, which hasn't been overly successful up to now, will be bidding for its 21st trip to the state finals since the classic originated and its seventh consecutive junket 'cross town.

Danville, highly rated in its own regional, may catch the University town athletes in the sectional and then the fur (and records) will fly.

Philadelphia, Feb. 8.—(AP)—Young Harold Johnson collapsed in the center of the ring without being hit and was counted out in the third round tonight of a scheduled 10-round bout against Jersey Joe Walcott at the arena.

Johnson had been battling Walcott on even terms when at 1:03 of the third round he fell to the canvas and rolled over and over, obviously writhing in pain. Referee Dave Beloff waved Walcott to a neutral corner and counted the 22-year-old Negro out.

The verdict was announced as a knockout for Walcott who ruled better than two to one favorite and held a 17 pound weight advantage. Johnson weighed 180, Walcott 197.

Johnson lay on the ring canvas for 10 minutes before Dr. Joseph Hevey, physician for the Pennsylvania state athletic commission had him removed on a stretcher. Johnson suffered several times to get up but was unable to stand up straight even with the aid of his handlers.

Dr. Hevey announced that a preliminary examination disclosed an injury to the intervertebral disc located in the small of the fighter's back.

ABOLISHED CLOSED SEASON ON NET FISHING ON WABASH

Indianapolis, Feb. 8.—(AP)—The state conservation department today abolished the closed season on net fishing in the part of the Wabash river which forms the Indiana-Illinois state boundary. The order is effective March 1.

The department warned that the action applies only to "coarse fish," such as carp, suckers and catfish. It will still be illegal to catch game fish with nets.

Farmers, Franklin, Chapin Mark Wins In YMCA Cage Tourney

The second round of play in the YMCA Double Elimination Tournament was staged last evening at the David Prince gymnasium.

Opening the evening's session found the Farmer's Auto Sales club paired with the local Amvets club. Smooth working play of the Farmer's soon ran up a score that was hard for the Vets to cope with. This type of play continued throughout the game and found them victorious, 86-34.

Franklin tangled with Sunbeam Bread in the second encounter. Close play prevailed and at the sound of the gun ending the first half the score was tied 20-20. Five points separated the two teams after the third canto. Aggressive play, resulting in frequent fouling soon whittled the teams' rosters down. The "Sunbeams" finished the game with just two men on the floor, yet held the final score to 49-48.

The third and final game of the night brought together Chapin and Winchester. Another close and hard fought game was on tap for the sparsely filled gym. Scoring was free through the 32 minutes of action, the with thirteen men hitting the hoop. Dempseys, the Tidens, the Joneses, at various times. Final score 54-46.

Three more games will be played tonight. At 7:15 p.m., Winchester the V.F.W. meets the Farmer's Auto Sales. White Hall and the Amvets meet together in the second fray at 8:30 p.m., followed by the third game at 9:45 p.m., when Franklin will meet the loser of the first game.

COMMANDERS AT HAWAII

Pearl Harbor, Feb. 8.—(AP)—The touring U. S. joint chiefs of staff today began a first-hand survey of the military picture in Hawaii. They are on their way home from Japan, Okinawa, Guam and Kwajalein.

The four top commanders flew in yesterday for three days of conferences with Hawaii's military chiefs and inspection of installations.

Man O'War Voted Greatest Racer In Last Fifty Years

New York, Feb. 8.—(AP)—Man O' War, a mighty hulk of horse-flesh whose blazing speed cut down his rivals 30 years ago and captured the imagination of the sports world, is the greatest thoroughbred since 1900.

So say the nation's sports writers and broadcasters, who voted overwhelmingly for "Big Red" in the Associated Press mid-century poll.

Man O' War polled 305 of a possible 388 votes, and like his races, was the greatest thoroughbred since 1900.

Thus the great chestnut flyer, winner of 20 of his 21 starts, takes his place with other sports immortals through the 32 minutes of action, the with thirteen men hitting the hoop. Dempseys, the Tidens, the Joneses, at various times. Final score 54-46.

The feats of Citation, acclaimed in 1948 by many horsemen equal if not the superior of Man O' War, couldn't erase the vivid memories of 1919 and 1920 when Big Red ruled.

Man O' War didn't earn a lot of money, as the folding green is counted today. But ham 'n' eggs didn't cost a dollar either when Man O' War banked \$249,465 in purses—\$166,140 of it during his three-year-old campaign in 1920.

Compare this with the record \$709,470 won by Citation during his sensational season at three. The 1948 triple crown champ earned \$168,300 of this within 18 days at Belmont Park, with runaway victories in the Sycamore mile, Jockey Club gold cup and Empire City international gold cup.

All the more credit then, that Man O' War, who died in the Kentucky blue grass in November of Citation's brilliant 1947 two-year-old campaign, still lives in the minds of those who view sports from a press box.

Only 12 horses drew votes. Whirlaway coming third with 15, and Seabiscuit fourth with 12. Others were Exterminator, 8; Dan Patch, the pacer, 5; War Admiral, 4; Equipoise, Assault, Protector, Roseben and Gallant Fox, one each. Stymlie, world's leading money winner, didn't get a vote.

Seabiscuit was a grandson, and War Admiral, a son of Man O' War. Because of war work, the breeder of Big Red, Maj. August Belmont, disposed of him at the 1918 Saratoga yearling sales. He was taken for \$5,000 by Samuel D. Riddle of Glen Ridge, Pa., who later refused \$1,000,000 for the horse.

Riddle and his trainer, Louis Feustel, didn't know just what they were acquiring. They found out, as did the clockers at the training track.

So Big Red was no secret when he went postcard at odds-on his first time out at Belmont Park in June, 1919, and won easily. He was destined to be odds-on favorite—as much as 1 to 100 twice—every time he started a race. Big Red won his first six races in a row his first year.

Then came the stunner, in mid-August at Saratoga. Man O' War, the 11-20 favorite in the Sanford Memorial stakes, but aptly named, upset with a 15 pound weight concession, handed Big Red his first and only defeat. He was caught in a pocket, came out too late to catch Upset, and was beaten half a length.

They met several times again, but Upset never could repeat. The Riddle colt won nine of 10 starts in 1919.

Chicago, Feb. 8.—(AP)—The con shortage is forcing the Inland Steel company to shut down a second blast furnace. W. H. Johnson, Inland's vice president in charge of steel manufacturing, announced today.

"Our coal supplies have dwindled to the critical point, and we must take steps to conserve what we have left," Johnson said.

The Inland executive said that some reduction in steel output necessarily will result from the shutdown.

Walter Hagen won four consecutive PGA championships (1924-27) and during that period won 22 straight golf matches.

Decatur — St. Teresa of Decatur successfully repelled a Decatur Rocket invasion here last night, downing the invading Jacksonville quintet 47-40.

Coach Paul Stroud's visiting five stayed within two points of the hosts in the first quarter, trailing only 12-10 at the break. However, a bad second period for the Rockets enabled

St. Teresa to go ahead 27-17 at intermission time.

The Decatur aggregation scored an even ten points in the third and fourth quarters to wind up with a 47 point total. Routt had only 25 points going into the last lap but managed to warm to their task enough to score 15 points and come within seven counters of the entertaining club.

Dick Casler and A. J. Spreen did most of the Routt scoring. Casler tipped in 16 points and Spreen added 15.

Sohm, 6-4 Decatur center, paced the hosts with a 19 point performance.

There was no preliminary contest.

The box score:

| | FG | FT | TP |
|-----------|----|----|----|
| Routt | 5 | 6 | 18 |
| Casler | 5 | 6 | 18 |
| Green | 6 | 3 | 15 |
| Saner | 1 | 3 | 13 |
| Loneragan | 2 | 2 | 6 |
| Sellers | 0 | 0 | 0 |
| Totals | 19 | 12 | 40 |

Among other matches:

Peggy Kirk, Findlay, Ohio, seeking her third crown in the tournament, beat Mrs. Catherine Fox Park, Bloomfield, N. J., 3 and 1.

Betty MacKinnon, Mount Pleasant, Texas, defeated Pat Devany, four ball, finalist Pat Devany, Grossie E. Mich., 4 and 2.

Mary Agnes Wall, Menominee, Mich., beat Bonnie Randolph, Columbus, Ohio, 3 and 2.

Marjorie Lindsay, Decatur, Ill., beat Carol Gallagher, West Palm Beach, 5 and 4.

The father and son admitted they were involved in the \$205 holdup of a south side drive-in market on Jan. 13. Two other men are awaiting trial in the holdup.

Young Harris told officers he and his father committed two drug store robberies a few nights before the market holdup.

Dr. Hughes Gives Talk On Atomic Power At I.C.

Dr. Donald J. Hughes, senior physicist at the Brookhaven National Laboratory, Long Island, New York, spoke to a large crowd in Jones Chapel on the Illinois College campus Tuesday evening. In one of the most interesting and informative talks given on the campus this year, Dr. Hughes explained the present peacetime uses of atomic energy and the plans for its future use.

Prefacing his subject with "a short, simple lesson in physics," Dr. Hughes explained the process of nuclear fission and the equipment necessary for utilizing the tremendous energy produced when the atom is smashed. He went on to explain that science haven't solved the problem of splitting the atom and producing energy, it is now a problem of engineering to convert this energy into electricity.

In the treatment of cancer of the thyroid. The Atomic Energy Commission is building two hospitals, one in Chicago, which will be used for radioactive treatment of disease.

The address was followed by an extended question period which was continued by students and faculty during a reception held for Dr. Hughes at the home of President and Mrs. Hudson.

Wesleyan Confers Honorary Degree On Rev. M. Blair

The honorary Doctor of Divinity degree was conferred upon Rev. McKendree M. Blair by Illinois Wesleyan

General Electric and Westinghouse corporations are already building plants to do this work. The result will be cheaper electricity because in the process of burning up uranium to create energy, thorium (which is cheap and abundant) is

transformed into uranium for further burning, thus assuring a constant, cheap fuel. Dr. Hughes expects these plants to be in production within the next year.

While the speaker felt that it would be feasible to create atomic powered motors for battleships and submarines, he could see no way of atomic energy being used to power automobiles. Although a small atomic motor could be constructed which would produce, from a pound of uranium, energy equivalent to two hundred thousand gallons of gasoline, the shield necessary to protect people from radiation would have to weigh from 50 to 100 tons.

Medical Progress Made

Dr. Hughes said that the most important use of atomic energy was in the field of medicine, both diagnostic and curative. He pointed out that already radioactive iodine is being used on an experimental basis

Society Arranges Roodhouse Dinner Meeting And Talk

Roodhouse—Chi chapter of Delta Kappa Gamma society will hold a dinner meeting Friday evening at the First Baptist church. The dinner will be served by the Philatheta class.

White Hall Rites Unite John Smock And Delores Evans

Roodhouse—John C. Smock and Delores Mae Evans, both of Barrow community, west of this city were married at White Hall at the home of Rev. H. D. Gregory, the officiating minister, on Friday, Feb. 3.

The young people were accompanied by the bride's sister and Dean Hurst, who was best man. Miss Margaret Hennebery of Roodhouse was bridesmaid.

His head?—The "problem" is tremendous. He added:

"Unless we can find a way to sustain a very high level of international trade, looking toward ever increasing standards of living, the products of the American farm will choke the channels of trade and the farmer will see his opportunities shrink."

Rusk declared the United States is "craving" about \$6,000,000,000 a

The bride wore an aqua crepe dress with white velvet accessories, and both she and the bridesmaid wore a corsage of sweet peas.

The bridegroom is the son of Mr. and Mrs. Vernon C. Smock of Harrow and is employed by the Caterpillar company of Peoria. The bride

year more than it is importing and that "we have not faced up to our foreign trade problem since World War I."

"We have wanted to sell without buying and have therefore become difficult to live with and do business with," he added.

The young couple will live at Barrow until an apartment can be found in Peoria.

"Common sense suggests that if we send our wealth abroad we should get back wealth in exchange; that if we expect to sell we must expect to buy."

"I am told that the answer lies in the hands of the American consumer; that if we use one to two per cent more of foreign made goods and services the problem would be solved. That may be true, but that

Franklin—The Franklin Home-
stead Circle met with Mrs. Clara

county home. Roll call was "Health
Hints," and Mrs. Blanche Wood gave
a paper on "Elizabeth Blackwell."
The county president, Mrs. E. H.

Sheppard of Jacksonville, gave a talk on the work of the county clubs and told about the Trail Rangers, a new home for boys being built near Grafton.

Mrs. Carols Roberts and Miss Margaret Camm were guests. Refreshments were served.

Mr. and Mrs. Bernard Camm and daughter, Barbara, left Wednesday

Stephenson county today won the "safe homes" award for having the largest percentage of enrolled farm families reporting no home accidents.

Funeral Services

E. E. Beasly

for a two weeks trip to Florida and other southern states.

Mesdames Blanche Wood, Jennie Gibson and Lillian Seymour were dinner guests of Mrs. Helen Ransdell in Jacksonville Wednesday.

Funeral rites for Elmer E. Beasall will be held Friday at 2:30 p. m. at Brooklyn Methodist church, with Rev. C. W. Leonard officiating. Burial will be in Diamond Grove cemetery.

The body was taken to the Gillham Funeral Home and was returned to
